The Defeated and the Dead Mark Percy, 2024-07-01 How do we teach about war How can social studies teachers empower students to understand how wars are started how they are fought and how they are ended Films about war are featured in nearly all social studies classrooms across the US with practically every American teenager watching at least one historical film during their time in middle and high school Without the mandatory class viewing most of these movies would not have been seen by them otherwise Film is the medium through which most Americans learn about their national past But a passive viewing of a movie about war does little to help students learn to be critical thinkers about their country's choices In *The Defeated and the Dead Teaching About War Through Film* Dr Mark Percy outlines strategies and resources for teachers to incorporate movies about war into their classes in an effective thoughtful manner Employing elements of the Just War doctrine the basis for most international law and treaties this book highlights how teachers can make use of widely used films like *Saving Private Ryan* *Platoon* and *Glory* as well as other movies that span our nation's history from the American Revolution to modern conflicts By focusing on critical frameworks like Just War as well as featuring films both about war and the avoidance of war *The Defeated and the Dead* offers social studies teachers a valuable tool to approach difficult contentious topics in their classrooms

American Cinema of the 2010s Dennis Bingham, 2021-12-10 The 2010s might be remembered as a time of increased polarization in American life The decade contained both the Obama era and the Trump era and as the nation's political fissures widened so did the gap between the haves and have nots Hollywood reflected these divisions choosing to concentrate on big franchise blockbusters at the expense of mid budget films while new players like Netflix and Amazon offered fresh opportunities for low budget and independent filmmakers As the movie business changed films ranging from *American Sniper* to *Get Out* found ways to speak to the concerns of a divided nation The newest installment in the Screen Decades series *American Cinema in the 2010s* takes a close look at the memorable movies visionary filmmakers and behind the scenes drama that made this decade such an exciting time to be a moviegoer Each chapter offers an in depth examination of a specific year covering a wide variety of films from blockbuster superhero movies like *Black Panther* and animated films like *Frozen* to smaller budget biopics like *I Tonya* and horror films like *Hereditary* This volume introduces readers to a decade in which established auteurs like Quentin

Tarantino were joined by an exceptionally diverse set of new talents taking American cinema in new directions Through the Crosshairs Roger Stahl, 2018-06-21 Now that it has become so commonplace we rarely blink an eye at camera footage framed by the crosshairs of a sniper's gun or from the perspective of a descending smart bomb But how did this weaponized gaze become the norm for depicting war and how has it influenced public perceptions Through the Crosshairs traces the genealogy of this weapon's eye view across a wide range of genres including news reports military public relations images action movies video games and social media posts As he tracks how gun camera footage has spilled from the battlefield onto the screens of everyday civilian life Roger Stahl exposes how this raw video is carefully curated and edited to promote identification with military weaponry rather than with the targeted victims He reveals how the weaponized gaze is not only a powerful propagandistic frame but also a prime site of struggle over the representation of state violence *Transnational Film and the US Wars in Iraq & Afghanistan* Marzena Sokołowska-Paryż, Marek Paryż, 2025-01-15 This book offers insights into diverse non American national perspectives on the US led military interventions in Afghanistan and Iraq within the generic frames of the war film While the best known films about the post 9 11 wars in the Middle East are American productions various other national cinematographies have responded to these conflicts which is not surprising given the fact that international coalitions were formed to support the US military effort However non American war films about these US instigated interventions have received little attention outside their own national contexts This volume fills in the gap in the existing war film criticism by offering insights into how the Afghanistan War 2001 2021 and the Iraq War 2003 2011 have been represented in popular and documentary filmic productions in Iraq Afghanistan Great Britain Germany Denmark Poland Spain and Australia The contributions prove the need for transnationalism as an eye opening perspective on the war film genre by underscoring nationally specific social political and aesthetic differences alongside important correspondences between cultural productions across nations *Transnational film and the US wars in Iraq and Afghanistan* will be a key resource for scholars and researchers of film studies media and cultural studies film history war studies literary criticism and sociology It was originally published as a special issue of *Journal of War Culture Studies* **This Happened Here** Paul Street, 2021-12-28 This book examines the Trump phenomenon and presidency as fascist Fascism here connotes not generically bad politics or a consolidated political economic regime Mussolini's Italy or Hitler's Germany but a set of political movement and ideological traits understood within the context of the neoliberal capitalist era While Trump's election defeat is a respite the nation is far from out of the neofascist woods Defeating the menace will require political and societal restructuring far beyond what is imagined by Democrats This argument is developed across seven chapters that recount Trump's assault on the 2020 election specifically define the meaning of fascism as it is used in this book demonstrate the neofascist nature of the Trump presidency engage intellectual class Trumpism fascism denial analyze the Trump base root Trumpism in a longstanding and indeed founding American white nationalism examine why Trump rose to power when he did

and suggest paths for fascism proofing the USA The Cinema of Clint Eastwood David Sterritt, 2014-11-25 He became a movie star playing The Man With No Name and today his name is known around the world Measured by longevity productivity and profits Clint Eastwood is the most successful actor director producer in American film history This book examines the major elements of his career focusing primarily on his work as a director but also exploring the evolution of his acting style his long association with screen violence his interest in jazz and the political views sometimes hotly controversial reflected in his films and public statements Especially fascinating is the pivotal question that divides critics and moviegoers to this day is Eastwood a capable director with a photogenic face a modest acting talent and a flair for marketing his image Or is he a true cinematic auteur with a distinctive vision of America s history traditions and values From A Fistful of Dollars and Dirty Harry to Million Dollar Baby and beyond The Cinema of Clint Eastwood takes a close up look at one of the screen s most influential and charismatic stars *Focus On: 100 Most Popular American Science Fiction Films* Wikipedia contributors, THE FINAL QUARTER Ken Veit, 2017-10-15 What to do with the Final Quarter of your life presumably post retirement Everything that those approaching or in retirement need to know but often are uncomfortable discussing or asking about The author treats serious subjects with wit and from his own experiences but he does not shy away from expressing opinions that may offend some readers even as they encourage fresh thinking *Focus On: 100 Most Popular Australian Films* Wikipedia contributors, *Therapy and Emotions in Film and Television* Claudia Wassmann, 2016-02-09 Therapy and Emotions in Film and Television explores from an interdisciplinary perspective the shifts in our emotional preferences styles and emotional regimes in western societies from the 1920s to today as viewed through the lens of film and television *Film Censorship in America* Jeremy Geltzer, 2017-11-28 Since the first films played in nickelodeons controversial movies have been cut or banned across the United States Far from Hollywood regional productions such as Oscar Micheaux s provocative race films and Nell Shipman s wildlife adventures were censored by men like Major M L C Funkhouser the terror of Chicago s cinemas and Myrtelle Snell the Alabama administrator who made the slogan Banned in Birmingham famous Censorship continues today with Utah s case against Deadpool 2016 pending in federal court and Robert Rodriguez s Machete Kills 2013 versus the Texas Film Commission This authoritative state by state account covers the history of film censorship and the battle for free speech in America *Der aktuelle Kriegsfilm im historischen und medialen Kontext* Shirin Packham, 2018-10-30 In ihrer medienethisch ausgerichteten Analyse untersucht Shirin Packham die Rolle aktueller Kriegsfilme zu den Einsätzen im Irak und Afghanistan innerhalb des Kriegsfilmgenres Die Autorin kombiniert historische Arbeiten zur Film Kino und Fernsehlandschaft des 20 und 21 Jahrhunderts mit medien und filmanalytischen Betrachtungen von Dokumentarfilmen Spielfilmen und digitalem Filmmaterial um zu zeigen wie die politischen Positionierungen des kommerziellen Kinos im jeweiligen Entstehungskontext zu begreifen sind Auf diesem Weg wird der mehr als eine Dekade berspannende Zyklus von aktuellen Kriegsfilmen erstmals in ein bergreifendes Bild des
