

American Sniper Utah

William Thomas Venner

American Sniper Utah:

Asymmetric Killing Neil C. Renic, 2020 This book examines the moral right to kill in war and the extent to which this right is challenged by the growing capability of certain states to kill with little or no physical risk to their own forces The Films of Clint Eastwood Matt Wanat, Leonard Engel, 2018-05-15 The indefatigable Clint Eastwood the great old man of American film is still controversial after all these years Many of the critical essays in this collection focus on Eastwood's 2014 American Sniper a particularly controversial film and a devastating personal account of the horrors of war Additional essays within the collection address his films that deserve more recognition than they have received to date The chapters vary by topic and identify themes ranging from aging race and gender to uses of Western conventions and myth to the subtleties of quieter themes and stylistic choices in Eastwood's body of cinematic work As a collection these essays show that none of these themes account for Eastwood's entire vision which is multifaceted and often contradictory dramatizing complex issues in powerful character driven narratives The State of Black America 1981 James D. Williams, 1981-01-01 *Salinger* David Shields, Shane Salerno, 2013-09-03 Based on eight years of exhaustive research and exclusive interviews with more than 200 people and published in coordination with the international theatrical release of a major documentary film from the Weinstein Company *The Private War of J D Salinger* is a global cultural event the definitive biography of one of the most beloved and mysterious figures of the twentieth century For more than fifty years the ever elusive author of *The Catcher in the Rye* has been the subject of a relentless stream of newspaper and magazine articles as well as several biographies Yet all of these attempts have been hampered by a fundamental lack of access and by the persistent recycling of inaccurate information Salinger remains astonishingly an enigma The complex and contradictory human being behind the myth has never been revealed No longer In the eight years since *The Private War of J D Salinger* was begun and especially in the three years since Salinger's death the authors interviewed on five continents more than 200 people many of whom had previously refused to go on the record about their relationship with Salinger This oral biography offers direct eyewitness accounts from Salinger's World War II brothers in arms his family members his close friends his lovers his classmates his neighbors his editors his publishers his New Yorker colleagues and people with whom he had relationships that were secret even to his own family Shields and Salerno illuminate most brightly the last fifty six years of Salinger's life a period that until now had remained completely dark to biographers Provided unprecedented access to never before published photographs more than 100 throughout the book diaries letters legal records and secret documents readers will feel they have for the first time gotten beyond Salinger's meticulously built up wall The result is the definitive portrait of one of the most fascinating figures of the twentieth century *Monsters, Law, Crime* Caroline Joan "Kay" S. Picart, 2020-11-18 *Monsters Law Crime* an edited collection composed of essays written by prominent U S and international experts in Law Criminology Sociology Anthropology Communication and Film constitutes a rigorous attempt to explore fertile interdisciplinary inquiries into

monsters and monster talk and law and crime This edited collection explores and updates contemporary discussions of the emergent and evolving frontiers of monster theory in relation to cutting edge research on law and crime as extensions of a Gothic Criminology This theoretical framework was initially developed by Caroline Joan Kay S Picart a Philosophy and Film professor turned Attorney and Law professor and Cecil Greek a Sociologist Picart and Greek 2008 Picart and Greek proposed a Gothic Criminology to analyze the fertile synapses connecting the real and the reel in the flow of Gothic metaphors and narratives that abound around criminological phenomena that populate not only popular culture but also academic and public policy discourses Picart s edited collection adapts the framework to focus predominantly on law and the social sciences

The Sniper at War Michael E Haskew, 2012-07-18 The Sniper at War looks at the impact and role of the sniper from the American Revolutionary War to the present day Packed with first hand accounts from snipers and those who have faced them this is the definitive guide to these secretive and deadly individuals and the role they have played in battle over the last three centuries

World War II Snipers Gary Yee, 2022-05-04 This illustrated military history reveals the untold story of WWII snipers from training and firearms to combat and field operations Though snipers played a significant role in the battlefields of World War II they are often overlooked by historians In this volume military historian and firearms expert Gary Yee offers a comprehensive and fully illustrated narrative of snipers across the major theaters of conflict Europe the Eastern Front and the Pacific Drawing on memoirs archives wartime photographs and eyewitness accounts World War II Snipers presents a compelling and authoritative study Each of the warring countries had its own unique methodology for selecting and training snipers They recruited hunters outdoorsmen competitive shooters and military veterans to take on this highly skilled role They were deployed to ensure battlefield dominance and instill a paralyzing fear among the enemy Yee tells the stories of these soldiers who were both admired and at times reviled by their own comrades He also includes a lengthy chapter on the sniper rifles and other equipment issued to snipers

American Mass Murderers Valrie Plaza, 2015-03-02 American Mass Murderers collects nearly 700 pages of information about the most notorious killers in America as well as some of the lesser known murderers

[Up in Arms: Gun Imaginaries in Texas](#), 2022-08-15 Up in Arms provides an illustrative and timely window onto the ways in which guns shape people s lives and social relations in Texas With a long history of myth lore and imaginaries attached to gun carrying the Lone Star State exemplifies how various groups of people at different historical moments make sense of gun culture in light of legislation political agendas and community building Beyond gun rights restrictions or the actual functions of firearms the book demonstrates how the gun question itself becomes loaded with symbolic firepower making or breaking assumptions about identities behavior and belief systems Contributors include Benita Heiskanen Albion M Butters Pekka M Kolehmainen Laura Hernandez Ehrisman Lotta K hkenen Mila Sepp l and Juha A Vuori

Going Scapegoat David A. Buchanan, 2016-09-27 Since 9 11 war literature has become a key element in American popular culture spurring critical debate about depictions of combat Who can write war

literature When can they do it This book presents a new way to closely read war narratives questioning the idea of combat gnosticism the belief that the experience of war is impossible to communicate to those who have not seen it that has dominated the discussion Adapting Kenneth Burke s scapegoat mechanism to the criticism of literature and film the author examines three novels from 2012 Ben Fountain s Billy Lynn s Long Halftime Walk David Abrams s FOBBIT and Kevin Powers The Yellow Birds that represent the U S military responses to 9 11 *Honorable Intentions* Judith Kolkin,2005-08-15 Lenny Belkin thought nothing could be worse than Vietnam fighting Viet Cong race wars on base execution orders by his superiors and children he couldn t bear to suspect Even worse is the battle he faces back in the States against a vengeful force threatening the woman he loves But tormented by angry unforgiving ghosts the toughest battle of all will be living with the killer he has become A soulful look at the realities of a man who fights on for justice when everything he s desperate to believe about himself the world and humanity is destroyed **Sniper in Action** Charles Stronge,2014-03-05 Packed with first hand accounts Sniper in Action is the definitive guide to these secretive and deadly individuals and the role they have played in conflicts over the last three hundred years The American Home Guard Barry M. Stentiford,2002 Since colonial times Americans have used the militia to maintain local order during both war and peacetime States have intermittently created maintained deployed and disbanded countless militia organizations outside the scope of the better known National Guard Barry M Stentiford tells the story of these militia units variously called home guards State Guard National Guard Reserve and State Defense Forces Stentiford traces the evolution of the militia over the past century demonstrating its transformation from an amalgamation of state militia units into the National Guard a reserve of the army Ironically the very existence of the National Guard made the creation of other militia forces necessary during periods of war The home guards or State Guard were organized to fill the vacuum left when the National Guard was called up depriving states of an organized militia that could be mobilized for repelling invasions suppressing riots controlling strikes or guarding the waterfront Stentiford carefully analyzes the challenges that faced the State Guards as states sought to build their new militia with leftover men and material He also examines the role of the State Guard providing relief during and after natural disasters providing military training for future draftees and broadening participation in military units during wartime by giving a role to men who because of their age or occupation could not join the federal forces The State Guard gained a new significance in the Cold War especially as the political unpalatability of a draft and reductions in the size of the full time military expanded the functions of the National Guard in military policy Today modern state militias born to an ancient tradition must define a role for themselves in a society that increasingly views them as anachronistic They must also compete ideologically with so called unorganized militias for the title of true heir to the American militia tradition **American Polar Bears in Russia** William Thomas Venner,2023-01-26 At the end of World War I the U S Army 339th Infantry nicknamed the Polar Bears was deployed to northern Russia to prevent Allied supplies stockpiled near the port city of Archangel from falling into the hands

of the Bolsheviks Drawing on firsthand accounts from men in the regiment their 18 month campaign is narrated from the point of view of the riflemen NCOs and officers of companies I and M Each chapter highlights an individual soldier s experience fighting the Red Army and the Arctic winter a quarter century before the Cold War The Written Dead Kyle William Bishop,Angela Tenga,2017-06-29 From Victor Halperin s White Zombie 1932 to George A Romero s landmark Night of the Living Dead 1968 and AMC s hugely successful The Walking Dead 2010 zombie mythology has become an integral part of popular culture In a reversal of the typical pattern of adaptation the zombie developed onscreen before appearing in short stories and comic books during the 20th century and more recently as subjects of more traditional novels This collection of new essays examines some of the most influential and inventive zombie literature from the early stories to the most recent narratives including some told from a zombie perspective *Driggs Family History: Driggs, history of an American family* Howard Roscoe Driggs,1971 Clint Eastwood's Cinema of Trauma Charles R. Hamilton,Allen H. Redmon,2017-10-13 Throughout his directorial career Clint Eastwood s movies have presented sympathetic narratives of characters enduring personal trauma as they turn to violence to survive calamity or sustain social order a choice that leaves them marginalized rather than redeemed In this collection of new essays contributors examine his films from The Outlaw Josey Wales to Sully as studies on PTSD that expose the social conditions that tolerate or trigger traumatization and in his more recent work imagine a way through individual and collective trauma The Terrorist Image Charlie Winter,2022-08-15 The summer of 2014 when the Islamic State seized Mosul Iraq s second city captured vast swathes of eastern Syria and declared itself a latter day Caliphate marked a turning point in the history of photography one that pushed its already contested relationship with reality to its very limits Uniquely obsessed with narrative image management and branding the Islamic State used cameras as weapons in its formative years as a Caliphate The tens of thousands of propaganda photographs captured during this time were used to denote policy to navigate through defeat and perhaps most importantly to construct an impossible reality a totalizing image world of Salafi Jihadist symbols and myths Based on a deep examination of the 20 000 photographs Charlie Winter collected from the Islamic State s covert networks online in 2017 this book explores the process by which the Caliphate shook the foundations of modern war photography Focusing on the period in which it was at its strongest Winter identifies the implicit value systems that underpinned the Caliphate s ideological appeal and evaluates its uniquely malign contribution to the history of the photographic image The Terrorist Image travels to the heart of what made the Islamic State tick during its prime providing unique insights into its global appeal and mobilization successes *Combat Death in Contemporary American Culture* Agnieszka Soltysik Monnet,2020-12-16 Combat Death in Contemporary American Culture Popular Cultural Conceptions of War since World War II explores how war has been portrayed in the United States since World War II with a particular focus on an emotionally charged but rarely scrutinized topic combat death Agnieszka Soltysik Monnet argues that most stories about war use three main building blocks melodrama adventure and horror Monnet

examines how melodrama and adventure have helped make war seem acceptable to the American public by portraying combat death as a meaningful sacrifice and by making military killing look necessary and often even pleasurable Horror no longer serves its traditional purpose of making the bloody realities of war repulsive but has instead been repurposed in recent years to intensify the positivity of melodrama and adventure Thus this book offers a fascinating diagnosis of how war stories perform ideological and emotional work and why they have such a powerful grip on the American imagination

American Empire: The Centre Cannot Hold Harry Turtledove, 2014-04-20 Turtledove's alternate history of America in the last 150 years continues The second book in the American Empire sequence takes the violent American civil war which has become a world war to 1924 a time of rebuilding Life is slowly returning to normal in the devastated cities of Europe and Canada In the United States the Socialist Party battles Calvin Coolidge to hold on to power And it seems as if the Socialists can do no wrong as the stock market soars and America enjoys a prosperity unknown for half a century But as old names like Custer and Roosevelt fade into history a new generation faces new uncertainties In a world of occupiers and the occupied of simmering hatreds shattered lives and pent up violence the centre can no longer hold And for a powerful nation the ultimate shock will come when a fleet of foreign aircraft rains death and destruction on one of the great cities of the United States
