A Sniper's Journey Gary D. Mitchell, Michael Hirsh, 2007-01-02 A Vietnam sniper tells his story and reveals the battles he fought even after the war was over In 1968 Gary Mitchell enlisted in the Army and was sent to Vietnam where he earned a reputation for keeping his head in extreme situations This caught the eye of his superiors who trained him in long distance shooting setting him on the path to becoming a sniper Over a twenty four year career Mitchell had twenty four confirmed kills most of these in Vietnam where intelligence agents borrowed him from his Army unit This is not just the story of a man at war it's also about the war within the man because the memories of his sniper missions followed him home throughout his career and into civilian life And as the years went by the full realization of what he'd done in the line of duty came back to haunt Mitchell's scarred conscience With the love and support of his wife Ellen he struggled to understand what had happened to him and what his actions revealed about

him And though the immediate horror of Vietnam was long past he found himself facing a different kind battle one that nearly destroyed him **Imperial Benevolence** Scott Laderman,2018-08-14 This is a necessary and urgent read for anyone concerned about the United States endless wars Investigating multiple genres of popular culture alongside contemporary U S foreign policy and political economy Imperial Benevolence shows that American popular culture continuously suppresses awareness of U S imperialism while assuming American exceptionalism and innocence This is despite the fact that it is rarely a product of the state Expertly coordinated essays by prominent historians and media scholars address the ways that movies and television series such as Zero Dark Thirty The Avengers and even The Walking Dead as well as video games such as Call of Duty Black Ops have largely presented the United States as a global force for good Popular culture with few exceptions has depicted the U S as a reluctant hegemon fiercely defending human rights and protecting or expanding democracy from the barbarians determined to destroy it
