The International Arbitration Rulebook Arif Hyder Ali,Jane Wessel,Alexandre de Gramont,Ryan Mellske,2019-10-24 The

numerous arbitral regimes around the world differ in subtle yet complex ways. These variations can have a profound effect on the procedural rights and obligations of the parties. Broadly speaking, the choice of regime will impact the way in which an arbitration is conducted, its duration and expense, the outcome of the dispute and the ultimate enforceability of the award. To inform the parties' choice, this book is the first to deal specifically and in depth with a broad range of institutional and ad hoc arbitration rules on a comparative basis. It provides a practical guide to the rules in one book, a one-stop shop from a distinctly rule and guide point of view. This book has its genesis in the authors' experience as practitioners and educators in international commercial and investor state arbitration and as advisers to and trainers for arbitral institutions, arbitrators, judges and government officials around the world. This comprehensive descriptive and analytical road map covers the broad range of issues addressed in nine representative major sets of arbitration rules. The authors detail the distinct ways in which rules governing such important issues as the following may differ among the various arbitral regimes: the governance structure and role of the administering institutions in the arbitration including case management and administrative support; the critical and recommended issues to be established in the agreement to arbitrate such as the place of arbitration and the governing law; among others, the requirements and best practices for starting the arbitration on the right foot; the procedures for selecting, appointing and challenging arbitrators; the impact of the initial procedural conference on the proceedings; the rules on presenting the case in chief, written submissions, documentary evidence, witness and expert testimony and more; the costs and fees of leading institutions; the procedures and standards for award scrutiny and enforceability; and a range of special and innovative procedures such as expedited proceedings, interim relief and consolidation of proceedings. The comparative analysis is organized around the chronological phases of an international arbitration and supported by rule comparison tables and clear explanations of each step of the process. With this eminently practical book, contract negotiators, counsel and arbitrators can confidently navigate any international arbitration. Thorough coverage of the applicable rules and guidelines enables parties and/or the tribunal to design bespoke arbitration procedures based upon the various rules of leading regimes. Arbitral institutions can survey the different approaches and identify emerging best practices in the design and drafting of arbitral regimes. All in all, this volume is a useful guide and comprehensive framework of rules for both arbitration practitioners and users of arbitration services as well as for students and teachers of international arbitration.

Tribunal Secretaries in International Arbitration J. Ole Jensen, 2019-03-24. Tribunal Secretaries in International Arbitration adopts a transnational approach to systematically answer questions about tribunal secretaries often discussed but thus far unresolved. With useful analysis and practical guidelines, it is an essential tool for all practitioners and academics involved in international arbitration.

The Dilemma of Consent to International Arbitration in Investment Agreements without a Forum Fernando Tupa, 2023-02-17. Fernando Tupa addresses the sometimes overlooked yet fundamental principle that consent to international arbitration is forum specific and explores its significance and practical consequences for

investment tribunals The author proposes that if there is only consent in principle to international arbitration by the host State in an investment agreement due to the lack of a forum or the unavailability of the forum contemplated therein a foreign investor would not be entitled to unilaterally initiate an investment claim against the host State under said agreement absent a subsequent agreement between the foreign investor and the host State on an arbitral forum He also draws some conclusions and warns against the dangerous consequences of ignoring this basic principle

Emergency Arbitration Cameron Sim, 2021 Emergency Arbitration provides clear and authoritative guidance on the practice and theory of this increasingly utilised procedure By examining the leading emergency arbitration rules the book identifies a common procedural framework for the commencement conduct and decision making process in an emergency arbitration This framework is developed through the articulation of The Fifteen Principles of Emergency Arbitration These are aimed at giving parties greater control and certainty in bringing and defending applications for emergency measures The book combines a practical approach including the use of flowcharts and tables with in depth analysis of important issues arising in emergency arbitration

International Organizations and the Promotion of Effective Dispute Resolution, 2019-06-26 This second volume of the AIIB Yearbook of International Law examines the role of international organizations in promoting effective dispute resolution It is divided into five parts to reflect a series of overarching themes and relationships Firstly international arbitration's effectiveness and affinity with multilateral institutions Second international organizations as proponents of the norms of dispute resolution Third the dispute resolution mandates of international organizations Fourth the role of dispute resolution and economic development Together this diversity of perspectives offers convincing evidence that effective dispute resolution is a precondition to successful economic development and that international organizations have an essential role to play in promoting both The fifth part presents the 2018 AIIB Law Lecture given by Georg Nolte Chair of the International Law Commission on the subject of International Organizations in the Recent Work of the International Law Commission and the 2018 AIIB Legal Conference Report

Kröll,Andrea K. Bjorklund,Franco Ferrari,2023-03-02 The Compendium like an encyclopedia contains entries for most of the foundational principles and concepts underlying arbitration Each entry takes a holistic view of international arbitration as they tackle core concepts from both a commercial and an investment arbitration perspective focusing on the fundamental issues underlying the various topics rather than on the solutions adopted in any particular jurisdiction thus making the Compendium a truly cross border transnational resource This innovative approach will allow readers to identify the commonalities as well as the differences between commercial and investment arbitration whether and where cross fertilization has taken place and what consequences it can have This approach allows the Compendium to be a tool in promoting the creation of a culture of international arbitration that considers commercial arbitration and investment arbitration as part of a whole but with certain distinct features particular to each *CSR and Codes of Business Ethics in the USA, Austria (EU) and China and their Enforcement in International Supply Chain Arbitrations* Adolf Peter,2021-02-23 This book analyzes the implementation of CSR reporting and codes of business conduct and ethics in the legal systems of the USA Austria and China and their enforcement in international supply chain arbitrations The book demonstrates that long term profit maximization is increasingly intertwined with corporate ethics and CSR policies In order to prevent window dressing and greenwashing certain control mechanisms and legal standards are required along the entire supply chain This

book introduces an ethics and CSR system recommending a reward based whistleblowing mechanism internal oversight by a CSR and Ethics Committee comprised of independent board members and at least one sustainability expert and an external independent and comprehensive assurance of CSR reports provided by auditing firms or newly formed governmental agencies consisting of certified CSR experts The author emphasizes the significance for supply chain leaders to ensure contractual enforcement of their codes of business ethics and conduct along the supply chain Against this background the author created a comprehensive fictitious case scenario covering a supply chain dispute arising from the breach of the supply chain leader s code of business conduct and ethics by a lower tier supply chain member The author acknowledges the fact that in most of the cases the governing law of international supply chain contracts is English law or law based on English law Thus the author discusses potential contractual claims for damages arising from a loss of profits caused by a loss of reputation resulting from violations of core provisions of the chain leader s supplier code of conduct pursuant to English law As international supply chain disputes usually involve more than two parties and international arbitration is the ideal means for the resolution of these disputes the book compares the arbitration rules for consolidations and joinders of some of the most significant international arbitration institutions SIAC ICC AIAC ICDR VIAC CIETAC and HKIAC The book is directed at legal practitioners legislators of various jurisdictions board members of corporations ethics and compliance officers academics researchers and students It is the author s main goal that the book serves as an inspirational source for the establishment or the improvement of a corporate ethics and CSR system preventing window dressing and greenwashing and covering the entire supply chain Furthermore it is intended that students develop a deeper understanding for the enforcement of corporate ethics and CSR policies

Arbitration Clauses and Third Parties Asli Arda,2023-07-18 This is the first book to focus on the legal question of the incorporation of arbitration clauses even though this issue constitutes a common problem that arises frequently in practice Arbitration Clauses and Third Parties compares different branches of law namely shipping reinsurance and construction where the legal notion of incorporation is often implemented It evaluates how the differences and peculiarities of the said branches of law impact the outcome of the incorporation of arbitration clauses and therefore why a one size fits all approach should be avoided The book provides both an in depth legal analysis of the incorporation of arbitration clauses as well as the legal position of the third parties regarding arbitration agreements and a detailed evaluation of the relevant case law It further offers a unique comparative analysis of English law and Singapore law with regards to the incorporation of arbitration clauses and features recent case law on the issue from both jurisdictions Moreover the book explores the status of third parties to arbitration and a wide range of legal situations in which arbitration clauses bind third parties This book will be directly of interest to lawyers and professionals in arbitration reinsurance construction and shipping as well as to relevant academic courses

Challenges and Recusals of Judges and Arbitrators in International Courts and Tribunals Chiara Giorgetti,2015-07-14 Challenges and Recusals of Judges and

Arbitrators in International Courts and Tribunals examines one of the fundamental control mechanisms of international dispute resolution. In doing so, the book assesses procedures, standards, and outcomes of challenges and recusals in some of the main international courts and tribunals, including the ICJ, ICSID, the PCA, the WTO, the Iran-US Claims Tribunal, the ICC, and international criminal courts. The book analyzes specific grounds for challenges and how they are applied, while also presenting personal perspectives on challenges and recusals from the point of view of arbitrators and counsel. The book also examines regional differences in challenges and recusals. This unique approach allows a comparative view on both procedural and substantive issues and also provides a clear and in-depth study of specific forums.

Arbitrating under the 2020 LCIA Rules Maxi Scherer, Lisa Richman, Rémy Gerbay, 2021-07-12. The London Court of International Arbitration (LCIA), the oldest of all major arbitral institutions, has since its establishment well over a century ago embodied the ideals that underlie the arbitral alternative and set its face against undue delay, soaring cost, complexity, and acrimony. Today, the LCIA administers cases arising under any system of law in any venue worldwide. Underscoring the institution's international nature, over 80% of parties in pending LCIA cases today are not of English nationality. This highly practical and user-friendly guide provides not only a thorough analysis of the 2020 LCIA Rules but also a comprehensive explanation of the basic principles governing LCIA arbitration, along with an in-depth analysis of complex issues that may arise in the course of LCIA proceedings. Among the new and revised rules affecting LCIA practice and procedure described in detail include the following: use of technology, accommodating virtual conferencing, remote hearings, and electronically signed awards, as well as confirming the primacy of electronic communication with the LCIA tools to expedite proceedings, including the possibility of early dismissal determinations, explicit consideration of data protection issues relating to bribery, corruption, terrorist financing, fraud, tax evasion, money laundering, and/or economic or trade sanctions, streamlined accommodations for consolidation, composite Requests, and concurrent conduct of arbitrations, conduct of authorised representatives of a party, requirements for appointment and removal of tribunal secretaries, and revised schedules of arbitration and mediation costs. The twenty-six chapters of the book provide references to essential national court judgments, statutory provisions, up-to-date statistics, and bibliographical sources on LCIA arbitrations. The 2020 LCIA Rules reflect the most sophisticated current modifications of arbitral procedure, fully aligned with the needs of current global commercial activities. For this reason, and because many companies worldwide include LCIA arbitration clauses in their agreements, this book is invaluable to business executives and corporate counsel, as well as to scholars of alternative dispute resolution.
