Southern Religion, Southern Culture Darren E. Grem, Ted Ownby, James G. Thomas Jr., 2018-12-18 Contributions by Ryan L Fletcher Darren E Grem Paul Harvey Alicia Jackson Ted Ownby Otis W Pickett Arthur Remillard Chad Seales and Randall J Stephens Over more than three decades of teaching at the University of Mississippi Charles Reagan Wilson's research and writing transformed southern studies in key ways This volume pays tribute to and extends Wilson's seminal work on southern religion and culture Using certain episodes and moments in southern religious history the essays examine the place and power of religion in southern communities and society It emulates Wilson's model featuring both majority and minority voices from archives and applying a variety of methods to explain the South's religious diversity and how religion mattered in many arenas of private and public life often with life or death stakes The volume first concentrates on churches and ministers and then considers religious and cultural constructions outside formal religious bodies and institutions It examines the faiths expressed via the region's fields streets homes public squares recreational venues roadsides and stages In doing so this book shows that Wilson's groundbreaking work on religion is an essential part of southern studies and crucial for fostering deeper understanding of the South's complicated history and culture

research on loyalism in the 26 counties that would become the Irish Free State It covers a range of topics and experiences
including the Third Home Rule crisis in 1912 the revolutionary period partition independence and Irish participation in the
British armed and colonial service up to the declaration of the Republic in 1949 The essays gathered here examine who
southern Irish loyalists were what loyalism meant to them how they expressed their loyalism their responses to Irish
independence and their experiences afterwards The collection offers fresh insights and new perspectives on the Irish
Revolution and the early years of southern independence based on original archival research It addresses issues of particular
historiographical and political interest during the ongoing Decade of Centenaries including revolutionary violence
sectarianism political allegiance and identity and the Irish border but rather than ceasing its coverage in 1922 or 1923 this
book like the lives with which it is concerned continues into the first decades of southern Irish independence List of
