A Man For Temperance Wagon Wheel Series :

Joelle's Secret Gilbert Morris, 2008 Popular novelist Gilbert Morris finds fresh romantic history based inspiration in Joelle's Secret. This mid 1800s tale begins with seventeen year old Joelle Jones fending off unwelcome advances from her predatory stepfather just after her mother has died. When the man is declared Joelle's legal guardian she knows he will have his way with her so in desperation runs away. Pursued by the stepfather who offers a reward for her return Joelle cuts her long beautiful hair poses as a young man and finds work as a stablehand. She meets a spiritually frustrated treasure hunter who believing Joelle to be a male invites her to join a wagon train to gold rich California. But hard living on the trail makes it harder for Joelle to conceal her identity. When her traveling companion learns the truth matters of faith and friendship become tense until Joelle helps him realize that God can indeed do all things and that some things like true love are worth even more than gold.

Costa, 2023-01-29 This is the untold story of the earliest days of coin operated devices which ultimately resulted in today's internet. It rewrites the history of Victorian technology. Many of the devices now claimed as the earliest or the first in fact were not. The supposed low brow technology used by the masses hitherto deemed by the mainstream as not worth recording as history actually led directly to today's world. It ultimately succeeded in the late 1800s because it attracted some very high brow and highly influential money men as backers following the commercial success of a female patentee in the 1870s.

Ironically the technology spread to America in the way that it did in the early 1880s because a young randy man couldn't keep his trousers on and had to be got out of the way for the sake of maintaining the respectability of members of Queen Victoria's household Nic Costa is the acknowledged expert in the field author of the best selling Automatic Pleasures
