University Edinburgh and retiring UKCGE Executive Committee Member importantly the book deals with perspectives of all three concerned parties i.e. the candidate examiner and supervisor. It is a very useful guide to appreciate and prepare for the different stages of the doctoral examination process. Higher Education Quarterly: What is the viva and how can students prepare for it? What should supervisors consider when selecting PhD examiners? How should examiners assess a doctoral thesis and conduct the viva? The doctoral examination process has been shrouded in mystery and has been a source of anxiety and concern for students, supervisors and examiners alike. But now help is at hand. This book sheds new light on the process, providing constructive ways of understanding the doctoral examination, preparing for it and undertaking it. This book stands alone in the field due to the extensive research undertaken by the authors. Over a four year period, surveys and interviews were undertaken with candidates and academics from a wide range of disciplines throughout Britain. Outcomes and ideas from the research have been united to provide the most comprehensive information available. Real life accounts and case studies are combined with useful advice, tasks and checklists to create an illuminating handbook. This user friendly book is a vital resource for anyone involved in the doctoral process. No doctoral candidate, examiner or supervisor should be without it.

How to Get a PhD Estelle M. Phillips, Derek Salman Pugh, 2000. This is a handbook and survival manual for PhD students providing a practical, realistic understanding of the processes of doing research for a doctorate. **Research in Information Systems** David Avison, Jan Pries-Heje, 2005-01-26. Research in Information Systems helps supervisors and their students get the most out of the PhD experience. It can be used as a basis of courses for supervisors and their research students. This book covers: The supervisor-student relationship; Practical social and academic issues; Different models for PhD programs including US, UK, Latin and Scandinavian models; Many vignettes of personal experiences and reflections provide context for the material. The book is written by experts, leading international academics in the field of information systems. They all have had wide experience of research supervision over many years in many countries. The only handbook available specifically for Information Systems and written for both research supervisors and their students. Content agreed and approved by an international panel of experts ensuring worldwide relevance. Includes real life anecdotes to educate, entertain and contextualise.

How to Get a PhD D. S. Pugh, 1998. **The Doctoral Examination Process: A Handbook For Students, Examiners And Supervisors** Tinkler, Penny, Jackson, Carolyn, 2004-03-01. It also incorporates a wealth of information that most supervisors and examiners only acquire through years of experience; this book deserves to be widely read and if it is it should contribute to an improvement in the quality of both research degree examining and the student's performance at the viva. Shaw, Kevin E. Lawson, 2015-10-30 Theological education is a vital aspect of Christian mission The training of evangelical doctoral students in theological subject areas is therefore an important part of the mission of God This handbook presents doctoral supervision as a task involving both academic and spiritual formation Designed to be practical and relevant and to encourage self reflection at both individual and institutional levels it combines theological foundations with educational theory accompanied by questions exercises and case studies to develop doctoral level skills Central to the theme of this handbook is the promotion of excellence in academic training combined with a strong focus on the spiritual and pastoral dynamics of supervision a combination that evangelical students desperately need from their supervisors **How to Get a PhD - 4th Edition** Estelle M. Phillips, Estelle Phillips, Derek S. Pugh, 2005-06 This book examines everything students need to know about getting a PhD through research in any subject It

also helps supervisors and examiners to better understand their role in the process

Doctoral Supervision and Research Culture Karen Clegg, Gillian Houston, Owen Gower, 2024-05-29 Drawing on original survey data reflective accounts and case studies of supervisory practice in different disciplines *Doctoral Supervision and Research Culture* explores the supervisor experience and demonstrates the craft compassion and consistency required of supervisors in responding to different researcher's needs Based on empirical data and using the voice of research supervisors the authors throw a spotlight on the challenges and opportunities supervisors face in supporting doctoral researchers through to successful PhD completion This book acts as an invitation to institutions funders industry and academics to review what and how they support PhD provision and to elevate the status of supervision practice It shows how research cultures disciplinary institutional and individual affect the supervisory experience and highlight the challenges that supervisors face as well as the rewards that successful supervisory relationships bring It is also a celebration of the contribution that doctoral researchers and all those who support research make to society Designed to provide opportunities for sharing of practice across disciplines and the sector *Doctoral Supervision and Research Culture* will be of interest to both new and experienced supervisors to staff and researcher developers in institutions and to funders policy makers and senior management in universities who seek to improve and enhance the supervisory experience for all agents
