A History Of The Wife:

A History of the Wife Marilyn Yalom, 2009-05-13 A valentine to wives after reading Yalom's history one thing is clear marriage is not for the faint hearted USA Today How did marriage considered a religious duty in medieval Europe become a venue for personal fulfillment in contemporary America How did the notion of romantic love a novelty in the Middle Ages become a prerequisite for marriage today And if the original purpose of marriage was procreation what exactly is the purpose of marriage for women now Combining a scholar's rigor and a storyteller's craft San Jose Mercury News distinguished cultural historian Marilyn Yalom charts the evolution of marriage in the Judeo Christian world through the centuries and shows how radically our ideas about marriage have changed For any woman who is has been or ever will be married this intellectually vigorous and gripping historical analysis of marriage sheds new light on an institution most people take for granted and that may in fact be experiencing its most convulsive upheaval since the Reformation Scholarly yet delectably readable volume People Yalom's sweeping history not only offers a clear overview of the role of the wife over the centuries but also recounts the experiences of specific individuals Los Angeles Times Packed with rich material The New York Times Book Review Portrays the gradual but relentless shift from subjugation toward partnership collating what information is available about how women have spent and felt about their married lives Chicago Tribune Yalom's brilliant deconstruction of the married state for women is at once reassuring and shocking perfectly fascinating Diane Johnson New York Times bestselling author of *Le Divorce* **The Gentleman's Magazine, and Historical Chronicle, for the Year ...**, 1868 A History of Saudi Arabia Madawi al-Rasheed, 2010-04 This new edition covers the political economic and social developments in Saudi Arabia since 9 11 to the present day *The Gentleman's Magazine and Historical Review*, 1852
