A Journey To The Land Of Eden:

A journey to the land of Eden, and other papers William Byrd, 1928 *The Geographic Revolution in Early America* Martin Brückner, 2012-12-01 The rapid rise in popularity of maps and geography handbooks in the eighteenth century ushered in a new geographic literacy among nonelite Americans In a pathbreaking and richly illustrated examination of this transformation Martin Brückner argues that geographic literacy as it was played out in popular literary genres written for example by William Byrd George Washington Thomas Jefferson Royall Tyler Charles Brockden Brown Meriwether Lewis and William Clark significantly influenced the formation of identity in America from the 1680s to the 1820s Drawing on historical geography cartography literary history and material culture Brückner recovers a vibrant culture of geography consisting of property plats and surveying manuals decorative wall maps and school geographies the nation's first atlases and sentimental objects such as needlework samplers By showing how this geographic revolution affected the production of literature Brückner demonstrates that the internalization of geography as a kind of language helped shape the literary construction of the modern American subject Empirically rich and provocative in its readings *The Geographic Revolution in Early America* proposes a new geographical basis for Anglo Americans understanding of their character and its expression in pedagogical and literary terms *A Journey To The Land Of Eden* William Byrd, 2012 Colonel William Byrd II 28 March 1674 26 August 1744 was a planter slave owner and author from Charles City County Virginia He is considered the founder of Richmond Virginia His works are among the earliest of Virginia literature and his diaries are considered as classic documents This diary shows the progress of Byrd's visit to North Carolina where Charles Eden was Governor 1713 1719 *History of a Dream Deferred* Charles Rodenbough, 2009-01-15 Describes the history of a tract of land in modern day Rockingham County NC that was purchased by William Byrd II and later owned by the Farley family *A journey to the land of Eden, and other papers* William Byrd, 1928 *The Dividing Line Histories of William Byrd II of Westover* Kevin Joel Berland, 2013-11-01 After his 1728 Virginia North Carolina boundary expedition Virginia planter and politician William Byrd II composed two very different accounts of his adventures *The Secret History of the Line* was written for private circulation offering tales of scandalous behavior and political misconduct peppered with rakish humor and personal satire *The History of the Dividing Line* continually revised by Byrd for decades after the expedition was intended for the London literary market though not published in his lifetime Collating all extant manuscripts Kevin Joel Berland's landmark scholarly edition of these two histories provides wide ranging historical and cultural contexts for both helping to recreate the social and intellectual ethos of Byrd and his time Byrd enriched his narratives with material appropriated from earlier authors many of whose works were in his library the most extensive in the American colonies Berland identifies for the first time many of Byrd's sources and raises the question how reliable are histories that build silently upon antecedent texts and present borrowed material as firsthand testimony In his analysis Berland demonstrates the need for a new category to assess early modern history writing
