A Life In My Hands:

Your Life in My Hands Jean Clervil, 2010-12-30 *Your Life in My Hands* is a collection of various poems that any reader can relate to. Separated into the three emotions of Love, Melancholy and Hope, a reader can share the experience that the poems are sharing. Just like your favorite song that you put on repeat, just like your favorite movie that you rewind, my poems will imprint in your heart and embed in your brain simply because you can relate to them. **A Young Life in Your Hands**

James M. Lahiff, 2022-05-31 The town was slowly recovering from the Great Depression and the nation unaware of the crisis developing in Europe when author James Lahiff was born. The death of his mother when he was five years old changed his life forever, however, guidance from his sister and brother. Some might call it browbeating, aided him as he bounced from one crisis to another. Although he might not have excelled in the grade school band nor as a junior air raid warden, he persisted and went on to fail in an impressive variety of pursuits. Living near the center of town provided him with an ideal vantage point to observe and interact with its many characters, especially while doing his chores. His father's blacksmith shop was a popular gathering spot during mild weather to learn what was happening around town, and the author spent much time there.

Your Life In My Hands - a Junior Doctor's Story Rachel Clarke, 2017-07-13 I am a junior doctor. It is 4 a.m. I have run, arrest calls, treated life-threatening bleeding, held the hand of a young woman dying of cancer, scuttled down miles of dim corridors, wanting to sob with sheer exhaustion, forgotten to eat, forgotten to drink, drawn on every fibre of strength that I possess to keep my patients safe from harm. How does it feel to be spat out of medical school into a world of pain, loss and trauma that you feel wholly ill-equipped to handle? To be a medical novice who makes decisions which, if you get them wrong, might forever alter or end a person's life? To toughen up the hard way through repeated exposure to life and death situations until you are finally a match for them? In this heartfelt, deeply personal account of life as a junior doctor in today's health service, former television journalist turned doctor Rachel Clarke captures the extraordinary realities of ordinary life on the NHS front line. From the historic junior doctor strikes of 2016 to the humanitarian crisis declared by the Red Cross, the overstretched health service is on the precipice, calling for junior doctors to draw on extraordinary reserves of what compelled them into medicine in the first place and the value the NHS can least afford to lose: kindness. *Your Life in My Hands* is at once a powerful polemic on the systematic degradation of Britain's most vital public institution and a love letter of optimism and hope to that same health service and those who support it. This extraordinary memoir offers a glimpse into a life spent between the operating room and the bedside, the mortuary and the doctor's mess, telling powerful truths about today's NHS frontline and capturing with tenderness and humanity the highs and lows of a new doctor's first steps onto the wards in the context of a health service at breaking point and what it means to be entrusted with carrying another's life in your hands. Eloquent and moving, Henry Marsh. There have been many books written by young doctors, but none comes close to Clarke's. Sunday Times. From the very heart of the NHS comes this brilliant insight into the continuing crisis in the health

service Rachel Clarke writes as the accomplished journalist she once was and as the leading junior doctor she now is writing with humanity and compassion that at times reduced me to tears Jon Snow Channel 4 News Dr Clarke has written a blockbuster a page turner a tear jerker This is a from the heart front line account of the human cost of the wanton erosion of a magnificent ideal healthcare free at the point of need funded through public taxation available to all made real in the UK for near 70 years It is a love song for the wonderful National Health Service that has embodied to an extent equalled nowhere in the world the principle that healthcare is not a commodity but a great duty of state Prof Neena Modi President of the Royal College of Paediatrics and Child Health A powerful account of life on the NHS frontline If only Theresa May and Jeremy Hunt could see the passion behind the people in the NHS they might stop treating them as the enemy and understand that without them we don t have an NHS worth the name Alastair Campbell *Holding My Hands and Saving My Life* Roseann C.
