A History Of Christianity In Asia Vol Ii 1500 1900:

A History of Christianity in Asia, Vol. II Samuel Hugh Moffett, 2014-07-30 The story of Christianity in the West has often been told but the history of Christianity in the East is not as well known The seed was the same the good news of Jesus Christ for the whole world which Christians call the gospel But it was sown by different sowers it was planted in different soil it grew with a different flavor and it was gathered by different reapers It is too often forgotten that the faith moved east across Asia as early as it moved west into Europe Western church history tends to follow Paul to Philippi and to Rome and on across Europe to the conversion of Constantine and the barbarians With some outstanding exceptions only intermittently has the West looked beyond Constantinople as its center It was a Christianity that has for centuries remained unashamedly Asian A History of Christianity in Asia makes available immense amounts of research on religious pluralism of Asia and how Christianity spread long before the modern missionary movement went forth in the shelter of Western military might Invaluable for historians of Asia and scholars of mission it is stimulating for all readers interested in Christian history Α History of Christianity in Asia, Africa, and Latin America, 1450-1990 Klaus Koschorke, Frieder Ludwig, Mariano Delgado, Roland Spliesgart, 2007-09-14 Taking the three continents in turn the documents trace chronologically the transfer of Christianity from the beginning of Western colonization through the end of the Cold War Traditional forms of Christianity in Asia and Africa are not covered The emphasis is on the voices of people working in the field both missionaries and Indigenous people rather than those at the imperial centers A History of Christianity in Asia Samuel Hugh Christianities in Asia Peter C. Phan, 2011-01-21 Christianity in Asia explores the history development and Moffett, 2005 current state of Christianity across the world's largest and most populous continent Offers detailed coverage of the growth of Christianity within South Asia among the thousands of islands comprising Southeast Asia and across countries whose Christian origins were historically linked including Vietnam Thailand China Hong Kong Taiwan Japan and Korea Brings together a truly international team of contributors many of whom are natives of the countries they are writing about Considers the Middle Eastern countries whose Christian roots are deepest yet have turbulent histories and uncertain futures Explores the ways in which Christians in Asian countries have received and transformed Christianity into their local or indigenous religion Shows Christianity to be a vibrant contemporary movement in many Asian countries despite its comparatively minority status in these regions The Oxford Handbook of Christianity in Asia Felix Wilfred, 2014 Named by the International Bulletin of Missionary Studies as an Outstanding Book of 2014 for Mission Studies Despite the ongoing global expansion of Christianity there remains a lack of comprehensive scholarship on its development in Asia This volume fills the gap by exploring the world of Asian Christianity and its manifold expressions including worship theology spirituality inter religious relations interventions in society and mission The contributors from over twenty countries deconstruct many of the widespread misconceptions and interpretations of Christianity in Asia They analyze how the growth of Christian beliefs

throughout the continent is linked with the socio political and cultural processes of colonization decolonization modernization democratization identity construction of social groups and various social movements With a particular focus on inter religious encounters and emerging theological and spiritual paradigms the volume provides alternative frames for understanding the phenomenon of conversion and studies how the scriptures of other religious traditions are used in the practice of Christianity A New History of Christianity in China Daniel H. within Asia Asian Christianities Phan, Peter C., 2018-08-23 Bays, 2011-06-09 A New History of Christianity in China written by one of the world's the leading writers on Christianity in China looks at Christianity's long history in China its extraordinarily rapid rise in the last half of the twentieth century and charts its future direction Provides the first comprehensive history of Christianity in China an important understudied area in both Asian studies and religious history Traces the transformation of Christianity from an imported Western religion to a thoroughly Chinese religion Contextualizes the growth of Christianity in China within national and local politics Offers a portrait of the complex religious scene in China today Contrasts China with other non Western societies where Christianity is The Blackwell Companion to Catholicism James J. concludes that the interviewees use various classifications to identify and position themselves and others although these are not fixed but fluid depending on specific situations and interests The book advocates for a shift from the social identity theory to a multiple identity theory for studying religion and interreligious relations Series Interreligious Studies Vol 6

Towards a Truly Catholic and a Truly Asian Church Jukka Helle, 2022-04-25 The future of the Church is in Asia Pope Francis to the Philippine Cardinal Tagle Asian Catholic bishops have taken up this challenge since 1970 they show how the Asian Church navigates itself in the midst of Asian religious and cultural plurality An image of a harmonious dialogical and inclusive church with its wayfarer's theology emerges in the theological thought of Asian bishops This book also shows that the Asian Catholic Church is a lively and vibrant communion of local Churches whose fresh and inspiring theological thought should be studied and welcomed outside of Asia as well **Xinjiang** Paul Hattaway, 2025-03-31 In The China Chronicles Paul Hattaway draws on more than 30 years experience in China and numerous interviews with church leaders to provide insight into how the Living God brought about the largest revival in the history of Christianity Xinjiang a vast region in northwest China has been much in the news in recent years because of the plight of more than one million Muslim Uyghur people there But Xinjiang also has a long Christian history Today there are nearly one million believers mostly among the Han Chinese who have migrated into the region in recent decades In this book the sixth in the series Hattaway focuses on the heroic efforts to reach the Uyghurs and other Muslim groups who remain largely untouched by the gospel The Routledge Companion to the Christian Church Gerard Mannion, Lewis S. Mudge, 2007-12-12 The nature and story of the Christian church is immensely important to theology students and scholars alike Written by an international team of distinguished scholars this comprehensive book introduces students to the fundamental historical systematic moral and ecclesiological aspects of the study of the church as well as serving as a resource for scholars engaging in ecclesiological debates on a wide variety of issues It divides into six parts the church in its historical context the different denominational traditions global perspectives methods and debates in ecclesiology key concepts and themes ecclesiology and other disciplines social sciences philosophy literature and film Authoritative accessible and easily navigable this book is indispensable for everyone interested in the nature and history of the Christian Church *Uncovering the Pearl* Amos Yong, Mark A. Lamport, Timothy T. N. Lim, 2023-09-19 Asia is by far the largest continent in the world The global expansion of the church which emanated from the Middle East as explored in the first book in the series moved along various routes to take root in Asia proper Christianity in Asia is extraordinarily diverse with very ancient forms of the faith dating to the time of the apostles. The western church will be enlightened by the dynamic multi pronged Asian story of Christianity Asian Christianity is also distinct due to the

numerous non traditional house or cell movements found throughout the region The diversity of Christianity in Asia makes Christians in this region critical for the future of global Christianity 50 Years On David Schultenover, 2015-05-15 Pope John XXIII prayed that the Second Vatican Council would prove to be a new Pentecost The articles gathered here appeared originally in a series solicited by and published in Theological Studies September 2012 to March 2014 The purpose of the series was and remains threefold To commemorate the 50th anniversary of the Second Vatican Council To help readers more fully appreciate its significance not only for the Catholic Church itself but also for the entire world whom the Church encounters in proclamation and reception of ongoing revelation. In their present form to help readers worldwide engage both the conciliar documents themselves and scholarly reflections on them all with a view to appropriating the reform envisioned by Pope John XXIII Contributors Stephen B Bevans SVD Mary C Boys SNJM Maryanne Confoy RSC Massimo Faggioli Anne Hunt Natalia Imperatori Lee Edward Kessler Gerald O Collins SJ John W O Malley SJ Agbonkhianmeghe E Orobator SJ Ladislas Orsy SJ Peter C Phan Gilles Routhier Ormond Rush Stephen Schloesser SJ Francis A Sullivan SJ O Ernesto Valiente **Jared Wicks SI** Captive of Culture Mathew P. Idicula, Roy Chicago, 2010 Captive of Culture focuses on the time Dr Mathew spent navigating several cultures while serving our Lord Jesus Christ in mission In this book the author uses his life experiences to help the reader understand the dynamics of the relationship between Christianity and Culture Captive of Culture is a timely addition to the ever growing literature on ministry in a multicultural and multireligious society Corinthians 1-4 Oh-Young Kwon, 2010-08-01 This book investigates 1 Corinthians 1 4 from a rhetorical and social perspective and explores that a divisive culture of rhetorical and paternal elitism lies behind the schisms and problems identified in the letter This culture appears to have been shaped to some extent by the legacy of Cicero Paul's references to boasting and imitation indicate both his subversive use and his critique of this Greco Roman wisdom In the final chapter this analysis of wisdom traditions and their social consequences among first century Corinthians leads to a critical reflection on similar dynamics among Korean Christians in twenty first century Korean Confucian culture In particular Korean Protestants are encouraged to take a more positive stance towards Confucian wisdom traditions as exemplified by T oegye s legacy and some insights are suggested into the ethics of imperial worship ancestral veneration and ethnic exclusivity **Christianity** John Chathanatt, 2024-01-08 Published in the Series Encyclopedia of Indian Religions this volume is devoted to Christianity in India where it has had a long presence going back to the time of the apostles of Jesus Christ It focuses on the history origin organizations and local engagements belief system worship practices Rites Rituals Christian life Contributions Spirituality and a few of the main doctrinal and theological items It further examines the earlier phase of the history of Christianity starting with the traditional belief of the arrival of St Thomas in AD 52 moving to the periods of its association with the Chaldean church the Portuguese the Dutch English and so on This volume highlights the missionary activities of persons like St Francis Xavier the creative contributions made to the inter religious dialogue by such people as Roberto de Nobili 1577

1656 and Swami Abhishiktananda 1910 1973 the linguistic and educational contributions of some of the pioneers like the German Jesuit Johanne Ernst Hanxleden known as Arnos Padiri 1681 1732 Herman Gundert 1814 1893 St Elias Kuriakos Chavara 1805 1871 and a fortiori the enormous contributions in the healthcare area throughout the country Caring for and serving the socio economically marginalized ones the peripheralized people formed an integral part of the Christian activity In India as it is done even today This is highlighted very much in the volume It further explores the contact India had with European Christianity showing that European Christianity proved to have wider influence in the Northern part of India unlike India s early episodic encounters with Palestinian and Persian forms of Christianity which had deep influence in the Southern part of India The volume also highlights the inner struggle among the followers resulting even in its division originating at the Synod of Diamper in 1599 manifesting by and large the Church state love and hate relationships In fine in spite of the drawbacks of putting the herculean task of two thousand years of history in eight hundred pages or so this volume gives a rather comprehensive view of Christianity in India especially to those who are unfamiliar with its life and dynamics in the Indian context The wide range of photographs 325 of them especially of the churches revealing the architectural beauty and multiplicity along with the ensample of art and paintings and pilgrimage centers adds to the enrichment of the volume
