Stuart,2004-12 Peter Blakely has lost his faith After nine years on the streets of a large suburban city amidst a childhood acquainted with grief he recalls the absence of a father sent to prison years before Now a decade later this man who has since been released hopes for reconciliation Forgiveness though does not come easy for Peter especially in light of his vocation Years amidst deprecating surroundings have changed him For now it is easier not to believe more comfortable not to forgive more convenient to be angry Enter Pascal the newest angel God has seen fit to create him for the sole purpose of serving as a guardian to this unlikely police officer Tentative and uncertain Pascal finds himself curiously unhappy with his assignment Why can't he be closer to God like the others Why must he be so proximate with the sin and depravation of the

world As the lessons are learned by each mortal so they are burned into the souls of each of their guardian angels And what is visible to angelic eyes is not always visible to human ones Why is there assisted suicide Why does God allow suffering in the world How is the world truly viewed in Heaven Curious questions to humans But when witnessed through the eyes of celestial beings who see God as He is the world makes a bit more sense Will Pascal reach Peter Will his discontentment be addressed by the Son Or will he come to see that he is closest to the Trinity amidst the thankless drudgery he seeks to avoid A vocation filled with rewards not unlike that of his mortal s perhaps the answers are closer than he thinks *KHYBORS: In the Beginning* Michelle Levigne, 2024-10-03 Before the Commonwealth existed there was an expanding multi galaxy civilization that disintegrated This is the story of its downfall where colony worlds learned to survive by their own strength or were abandoned to die Three novellas in one volume explore the birth of the Khybors whose descendants will impact the Downfall the rebirth of civilization the return to the stars and the Commonwealth far into the future Khrystalis Kerin was the youngest child of two powerful intelligent gifted research scientists When the military interfered yet again in her father s research the resulting lab explosion filled Kerin s body with experimental bio crystal long before it was ready for human testing She was changed Bio crystal was meant to aid the body in repairing itself when medical science was incapable As it penetrated down to the genetic level Kerin learned to change herself and to sense the world in totally new ways When her gift reached out beyond her own biology she stood poised between being the bearer of a great gift for humanity or a threat that would change the universe Ambush The twins Casta and Pol should never have been born and there were many enemies who would still try to destroy them as they reached adulthood Hidden away on a remote colony world with their uncle they were allowed to explore all their potential develop all the gifts they could imagine That potential was put to good use when their home was attacked and their uncle was kidnapped by enemies intent on destroying first their world then civilization Their favorite game was called Ambush and now the game had become reality The enemy would never know what hit them When the smoke had cleared they had regained more than their uncle Now what they were had a name Khybors Wing and Claw Lor and Jae led the Khybors training them to be the frontrunners of exploration teams clearing alien worlds for colonization They had learned young not to trust the powers that be when they spoke of peace and cooperation between the emerging groups of augmented Humans and the rest of the Human race All the signs were there that the enemies who had been quiet hiding in the shadows for generations now were ready to emerge and attack once again The time had come to reach for the stars for Khybors to flee to the furthest limits of explored and colonized space and find a world where they could live in peace and safety First they had to rescue the people who dared to stand up for them and speak on their behalf before their voices were silenced permanently *The Karjill* Gary Kirby, 2007-12 Time and tide sometimes clash into chaos sometimes swell together into a moonlit sea of tranquility and sometimes very rare times time and tide meet at the perfect angle of chaos and calm This was such a time And on such a tide in the young of the year when the earth was still fresh and

green a small clump of seaweed washed ashore A little karjill found a pearl inside that became his destiny and his journey The dark waves reached for him almost like the lips of a lover promising him peace comfort the end of his motion He drifted into them The light dimmed The blackness grew The folds of repulsive flesh coiled around him He had failed The waves crashed against the sacred walls They lashed against the dome tore into Flat Rock which shuddered then split and was sucked into the sea All natural laws broke as the waves refused to be held in by the land Mountains were ripped out by their roots and the wind drilled holes into the sea floor He was hurtling into a chaos of dark and glistening beauty a bursting clash of light and sound At the End of the Day... .
