Bringing the English Curriculum to Life David Didau, 2024-04-12 *Bringing the English Curriculum to Life* builds on David Didau's groundbreaking book *Making Meaning in English* by showing how the principles of the original book can be applied in schools and classrooms. Drawing together experiences of designing, teaching, supporting and assessing English across the schools within Ormiston Academies Trust OAT, this book demonstrates what an ambitious, coherently sequenced, broad and balanced English curriculum with successful adaptation for students with SEND can look like in practice. Designed around the explicit teaching of the powerful conceptual knowledge students need to master the discipline, the book offers a fully resourced English curriculum packed with teaching suggestions and examples of high quality practice. Covering intent, implementation and assessment, and outlining in detail what is included in each module for KS3 and 4, the curriculum can be adopted in its entirety but is also flexible enough for departments to take modules and slot them into their own curriculum. Providing an inspiring model for teaching English that enables all students to succeed, this is an essential resource for all English teachers and school leaders responsible for curriculum development.

Closing the Writing Gap Alex Quigley, 2022-05-16 This book explains seven critical steps to improve children's writing. Though seemingly natural, writing proves devilishly difficult for far too many school pupils, and closing this gap can have a lasting impact on their academic and life success. With the goal of giving every teacher the knowledge and skill to teach writing with confidence, it makes sense of the history and science of writing, synthesising the debates and presenting a wealth of usable evidence about how children develop most efficiently as successful writers. It trains teachers to be an expert in how pupils learn to write, from the big picture of planning, editing and revising your writing to the vital importance of grammar and spelling with accuracy. Highly practical strategies and easy-to-use classroom activities are included to help teachers seize opportunities across the curriculum every school day to teach the critical writing process. *Closing the Writing Gap* will guide teachers at every stage of their career and when used with Alex Quigley's much-loved books on Vocabulary and Reading, gives school leaders evidence-based approaches to literacy that can be applied across a school or a group of schools. *The Times Index*, 2011.
