

Sample Test Booklet and Answer Document

1. Sample answer documents include an answer key and the instructions for marking the sample test pages as follows:

First, sample questions from English, Mathematics, Reading, and Science/Technology/Innovation tests are selected, being chosen to represent various levels and content knowledge. (Details about what will appear on the actual test are available later.)

The questions (as well as the instructions) and the suggested answers for each question are included in the answer documents. The final answers are numbered to match the questions, and the order in which they are ordered is designed to be representative.

For each question, knowledge areas across all tests, from grade 10 to the senior secondary level, are considered and taken as the question. These include the most difficult and relevant for each subject. Areas of focus are: English, Math, Science, Technology, Innovation, and Social Studies. (Details about what will appear on the actual test are available later.)

Each test is designed to be representative. If you change your mind about an answer, make sure you have made the necessary changes. (Details about what will appear on the actual test are available later.)

Each question is marked correct or incorrect. (Details about what will appear on the actual test are available later.) The questions are marked correct or incorrect. (Details about what will appear on the actual test are available later.)

Questions that are marked correct or incorrect are marked correct or incorrect. (Details about what will appear on the actual test are available later.) The questions are marked correct or incorrect. (Details about what will appear on the actual test are available later.)

Each question is marked correct or incorrect. (Details about what will appear on the actual test are available later.) The questions are marked correct or incorrect. (Details about what will appear on the actual test are available later.)

DO NOT write on the pages of your test booklet.
