Torah, Temple, and Transaction Alex J. Ramos,2019-12-16 In this book Alex J Ramos examines production consumption and transaction in the regional economy of Galilee during the Early Roman period Drawing on literary sources including biblical texts Josephus and the Mishnah and archaeological evidence he assesses the ways that the Roman and Herodian states settlement patterns and Jewish religious obligations would have shaped household economic behavior Approaching the topic through new institutional economics Ramos considers the role of state institutions of administration and taxation and religious institutions derived from the Torah and the Temple in structuring for Galilean Jews the incentives priorities and costs of economic decision making In contrast to classical economic assumptions of what is economically rational behavior he considers the ways that the laws of the Torah defined the bounds of rational and socially permissible approaches to economic production consumption and transaction Ultimately Ramos argues that state institutions played a rather indirect and weak role in shaping the economy through much of the Early Roman Galilee religious institutions by comparison played a more formative role in defining economic behavior

Herod's Judaea Samuel Rocca, 2008 Samuel Rocca analyzes the Herodian society The most important facet of his analysis is the relationship between Herod as ruler and the Jewish subjects over whom he ruled The author contends that Herod though a Jewish ruler regarded both Alexander the Great the embodiment of the Hellenistic ruler and Augustus as ideal models who were worthy of imitation In fact Herod pushed Judaea towards major Hellenization albeit with many elements more akin to Rome The author's research therefore is not a biographical study of King Herod Instead it deals with Herod as the head of Jewish society in Judaea It is first and foremost a study of Herodian society Thus the author analyzes the Herodian ideology of rule the court the army the administration the economy the ruling political bodies the city as microcosm the religion and the burial customs Book Jacket

Temple Purity in 1-2 Corinthians Yulin Liu, 2013 Paul's view of the church as the temple and his concern about its purity in 1-2 Corinthians has traditionally been interpreted from the perspective of a Jewish background However Yulin Liu reveals that the pagans were very aware of temple purity when visiting some temples in the Greco Roman world and the purification concerns of three pagan temples in Corinth are documented in his work The author affirms that the Gentile believers among the Corinthian community were able to grasp Paul's message because of it Also Liu investigates Paul's use of temple purity to address the necessity of unity holiness and faithfulness of the Corinthian Christians in an eschatological sense The separation of God's people from profane matters actually points to a new exodus and a progressive consummation of the construction of the eschatological temple community

NC 2008 **Jewish Apocalypticism in Late First Century Israel** Matthias Henze, 2011 The Syriac Apocalypse of Baruch or Second Baruch is a Jewish work of the late first century C E written in Israel in the aftermath of the Jewish War against Rome. It is part of a larger body of post 70 C E Jewish literature. The authors of these works had a difficult charge. They needed to re-imagine Judaism and its central symbols take account of a thriving Diaspora and articulate how Jewish life was to be lived from then on without the benefit of a temple. Written at a time of religious reconstruction and mental reorientation, Second Baruch occupies a unique place in the history of early Jewish thought. In this highly original work, the author of Second Baruch developed an apocalyptic program that was intended for post 70 C E Judaism at large and not for a small dissident community only. The program incorporates various theological strands, chief among them the Deuteronomic promise of a prosperous and long life for those keeping the Torah and the apocalyptic promise of a new heaven and a new earth. In this book, Matthias Henze offers a close reading of some of the central passages in Second Baruch, exposes its main themes, explains the apocalyptic program it advocates, draws some parallels with other texts Jewish and Christian, and locates Second Baruch's intellectual place in the rugged terrain of post 70 C E Jewish literature and thought. For modern readers interested in Judaism of the late Second Temple period in the Jewish world from which early Christianity emerged and in the origins of rabbinic Judaism, Second Baruch is an invaluable source.
