Julian D. Richards

American Politics A Very Short Introduction Very Short Introductions:

American Politics: A Very Short Introduction Richard M. Valelly, 2013-02-11 American politics seems to grow more contentious and complicated by the day and whether American democracy works well is hotly debated. Amidst all this roiling partisan argument and confusing claims and counterclaims there has never been a greater need for an impartial primer on the basics of the American political system. This Very Short Introduction gives readers a concise, accessible, and sophisticated overview of the vital elements of American democracy, emphasizing both how these elements function, their historical origins, and how they have evolved into their present forms. Richard Valelly covers all facets of America's political system: the bicameral Congress and the place of the filibuster, the legislative-executive process, the role of the Supreme Court, political parties and democratic choice, bureaucracy, the partisan revival, and the political economy. He offers, as well, an original analysis of the evolution of the American presidency and a fascinating chapter on the effects of public polling on political decision making and voter representation. Valelly shows that the American political system is and always has been very much a work in progress, unfolding within and also constantly updating an eighteenth-century constitutional framework. In a refreshingly balanced and judicious assessment, he explores the strengths of American democracy while candidly acknowledging both gaps in representation and the increasing income inequality that have sparked protest and intense public discussion. Finally, Valelly considers the remarkable persistence for more than two centuries of the basic constitutional forms established in 1787 despite the dramatic social changes that have reshaped virtually all aspects of American life. For anyone wishing to understand the nuts and bolts of how our political system works and sometimes fails to work, this Very Short Introduction is the very best place to start. About the Series: Oxford's Very Short Introductions series offers concise and original introductions to a wide range of subjects from Islam to Sociology, Politics to Classics, Literary Theory to History, and Archaeology to the Bible. Not simply a textbook of definitions, each volume in this series provides trenchant and provocative yet always balanced and complete discussions of the central issues in a given discipline or field. Every Very Short Introduction gives a readable evolution of the subject in question, demonstrating how the subject has developed and how it has influenced society. Eventually, the series will encompass every major academic discipline, offering all students an accessible and abundant reference library. Whatever the area of study that one deems important or appealing, whatever the topic that fascinates the general reader, the Very Short Introductions series has a handy and affordable guide that will likely prove indispensable.

British Politics: A Very Short Introduction Anthony Wright, 2013-05-30 This book presents an introduction to the evolution and history of the British political system. *Politics: A Very Short Introduction* Kenneth Minogue, 2000-02-24 In this introduction, Kenneth Minogue discusses the development of politics from the ancient world to the twentieth century. He considers the evolution of different systems, ideological aspects, and the future of political science.

British Politics: A Very Short Introduction Tony Wright, 2020-06-25 At a time when politics in Britain is experiencing

unprecedented turmoil this Very Short Introduction examines the past present and possible future of British politics Tony Wright puts current events into a longer and larger perspective ranging from political ideas to political institutions and offering an overview of the British political tradition Throughout he identifies key characteristics and ideas of British politics and investigates what makes it distinctive while emphasizing how these characteristics are reflected in the way the political system functions This new edition includes key material on Brexit analysing the divisions revealed by the Brexit vote and the extent to which Britain now has a politics of identity and considering whether the referendum itself has fundamentally altered the constitutional landscape ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Intellectual Property: A Very Short Introduction Siva Vaidhyanathan, 2017-02-09 We all create intellectual property We all use intellectual property Intellectual property is the most pervasive yet least understood way we regulate expression Despite its importance to so many aspects of the global economy and daily life intellectual property policy remains a confusing and arcane subject This engaging book clarifies both the basic terms and the major conflicts surrounding these fascinating areas of law offering a layman's introduction to copyright patents trademarks and other forms of knowledge falling under the purview of intellectual property rights Using vivid examples noted media expert Siva Vaidhyanathan illustrates the powers and limits of intellectual property distilling with grace and wit the complex tangle of laws policies and values governing the dissemination of ideas expressions inventions creativity and data collection in the modern world Vaidhyanathan explains that intellectual property exists as it does because powerful interests want it to exist The strongest economies in the world have a keen interest in embedding rigid methods of control and enforcement over emerging economies to preserve the huge economic interests linked to their copyright industries film music software and publishing For this reason the fight over the global standardization of intellectual property has become one of the most important sites of tension in North South global relations Through compelling case studies including those of Starbucks Coca Cola Sony Amazon and Google Books Vaidhyanathan shows that the modern intellectual property systems reflect three centuries of changes in politics economics technologies and social values Although it emerged from a desire to foster creativity while simultaneously protecting it intellectual property today has fundamentally shifted to a political dimension

Planets: A Very Short Introduction David A. Rothery, 2010-11-25 This Very Short Introduction discusses the nature of planets and gas giants and their rings and moons It also looks beyond Pluto in the Kuiper Belt at the knowledge we have about planets around other stars With many striking photos to illustrate the details it demonstrates the unique world of every planet

The Vikings: A Very Short Introduction Julian D. Richards, 2005-09-08 The Viking reputation is of bloodthirsty seafaring warriors repeatedly plundering the British Isles and the North Atlantic throughout the early Middle Ages Yet

Vikings were also traders settlers and farmers with a complex artistic and linguistic culture whose expansion overseas led them to cross the Atlantic for the first time in European history Highlighting the latest archaeological evidence Julian Richards reveals the whole Viking world their history society and culture and their expansion overseas for trade colonization and plunder We also look at the Viking identity through their artistic expression rune stones their ships and their religion The Viking story is also brought up to date by examining their legacy from the medieval Icelandic sagas to 19th Century nationalism Wagner and the Nazis

ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

African Politics: A Very Short Introduction Ian Taylor, 2018-09-20 Africa is a continent of 54 countries and over a billion people However despite the rich diversity of the African experience it is striking that continuations and themes seem to be reflected across the continent particularly south of the Sahara Questions of underdevelopment outside exploitation and misrule are characteristic of many if not most states in Sub Saharan Africa In this Very Short Introduction Ian Taylor explores how politics is practiced on the African continent considering the nature of the state in Sub Saharan Africa and why its state structures are generally weaker than elsewhere in the world Exploring the historical and contemporary factors which account for Africa s underdevelopment he also analyses why some African countries suffer from high levels of political violence while others are spared Unveilling the ways in which African state and society actually function beyond the formal institutional facade Taylor discusses how external factors both inherited and contemporary act upon the continent

ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Environmental Politics: A Very Short Introduction Andrew Dobson, 2016-01-28 Environmental politics has many faces and operates at multiple scales it preoccupies individuals as well as governments drives local agreements as well as international treaties results in minor business changes as well as wholesale business decisions and fluctuates between a politics of protest and one of accommodation In this Very Short Introduction Andrew Dobson offers a lively and comprehensive commentary on the many facets of environmental politics today Looking towards the future he asks whether environmental politics will be comfortably accommodated by mainstream politics or whether the advent of the Anthropocene a whole new geological epoch driven by human impact on the environment will herald a break with the politics of growth that has dominated social life since the beginning of the Industrial Revolution

ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts

analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable **Ancient Greece: A Very Short Introduction** Paul Cartledge, 2011-10-27 A highly stimulating Very Short Introduction to the history of Ancient Greek civilization from the first documented use of the Greek language in about 1400 BCE through the glories of the Classical and Hellenistic periods to the foundation of the Byzantine empire in about CE 330 American Government in Black and White Paula Denice McClain, Steven C. Tauber, 2025 American Government in Black and White Diversity and Democracy Seventh Edition is a unique introduction to American government that uses racial and ethnic equality as its underlying theme Through the course of teaching students the standard topics about the American governmental system and politics authors Paula D McClain and Steven C Tauber address issues of inequality in major facets of government including the U S Constitution key American political institutions and instruments of political behavior and the making of public policy Using the original voices of racial and ethnic actors in our nation s history they show students how to measure and evaluate the quest for and importance of equality in America from its founding up to today **The U.S. Constitution: A Very Short Introduction** David J. Bodenhamer, 2018-03-15 Though the U S Constitution was ratified in 1788 its impact on our lives is as recent as today s news Claims and counterclaims about the constitutionality of governmental actions are a habit of American politics This document which its framers designed to limit power often has made political conflict inevitable It also has accommodated and legitimized the political and social changes of a vibrant powerful democratic nation A product of history s first modern revolution the Constitution embraced a new formula for government it restrained power on behalf of liberty but it also granted power to promote and protect liberty The U S Constitution A Very Short Introduction explores the major themes that have shaped American constitutional history federalism the balance of powers property representation equality rights and security Informed by the latest scholarship this book places constitutional history within the context of American political and social history As our nation s circumstances have changed so has our Constitution Today we face serious challenges to the nation s constitutional legacy Endless wars a sharply divided electorate economic inequality and immigration along with a host of other issues have placed demands on government and on society that test our constitutional values Understanding how the Constitution has evolved will help us adapt its principles to the challenges of our age ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable *The U.S. Supreme Court: A Very Short Introduction* Linda Greenhouse, 2020-05-29 For 30 years Pulitzer Prize winning journalist Linda Greenhouse chronicled the activities of the U S Supreme Court and its justices as a correspondent for the New York Times In this Very Short Introduction she draws on her deep knowledge of the court s history and of its written and unwritten rules to show readers how the Supreme Court really works Greenhouse offers a fascinating institutional biography of a place and its

people men and women who exercise great power but whose names and faces are unrecognized by many Americans and whose work often appears cloaked in mystery How do cases get to the Supreme Court How do the justices go about deciding them What special role does the chief justice play What do the law clerks do How does the court relate to the other branches of government Greenhouse answers these questions by depicting the justices as they confront deep constitutional issues or wrestle with the meaning of confusing federal statutes Throughout the author examines many individual Supreme Court cases to illustrate points under discussion ranging from Marbury v Madison the seminal case which established judicial review to the recent District of Columbia v Heller 2008 which struck down the District of Columbia s gun control statute and which was surprisingly the first time in its history that the Court issued an authoritative interpretation of the Second Amendment To add perspective Greenhouse also compares the Court to foreign courts revealing interesting differences For instance no other country in the world has chosen to bestow life tenure on its judges The second edition of Greenhouse s Very Short Introduction tracks the changes in the Court s makeup over the last eight years considers the landmark decisions of the Obama and Trump eras and reexamines the precarious fates of such precedents as Roe v Wade A superb overview packed with telling details this volume offers a matchless introduction to one of the pillars of American government

Emotion: A Very Short Introduction Dylan Evans, 2019-09-26 Was love invented by European poets in the Middle Ages or is it part of human nature Will winning the lottery really make you happy Is it possible to build robots that have feelings In this Very Sort Introduction Dylan Evans explores these and many other intriguing questions in this guide to the latest thinking about the emotions Drawing on a wide range of scientific research from anthropology and psychology to neuroscience and artificial intelligence Evans takes the reader on a fascinating journey into the human heart discussing the evolution of emotions and their biological basis the science of happiness and the role that emotions play in memory and decision making Greeted by critics as a pop science classic when it was first published in 2001 the book has now been thoroughly revised and updated to incorporate new developments in our understanding of emotions including new sections addressing the neural basis of empathy and the emotional impact of films ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable [Foucault: A Very Short Introduction](#) Gary Gutting, 2019-09-26 Born in 1926 in France Foucault is one of those rare philosophers who has become a cult figure Over the course of his life he dabbled in drugs politics and the Paris SM scene all whilst striving to understand the deep concepts of identity knowledge and power From aesthetics to the penal system from madness and civilisation to avant garde literature Foucault was happy to reject old models of thinking and replace them with versions that are still widely debated today A major influence on Queer Theory and gender studies he was openly gay and died of an AIDS related illness in 1984 he also

wrote on architecture history law medicine literature politics and of course philosophy In this Very Short Introduction Gary Gutting presents a wide ranging but non systematic exploration of some highlights of Foucault s life and thought Beginning with a brief biography to set the social and political stage he then tackles Foucault s thoughts on literature in particular the avant garde scene his philosophical and historical work his treatment of knowledge and power in modern society and his thoughts on sexuality This new edition includes feminist criticisms of Foucault s apparently sexist treatment of the Jouy case as well as a new chapter offering a unified overview of the Coll ge de France lectures now a major focus of interest in Foucault ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Canada: A Very Short Introduction Donald Wright,2020-07-23 Canada is not one nation but three English Canada Quebec and First Nations Yet as a country Canada is very successful in part because it maintains national diversity through bilingualism multiculturalism and federalism Alongside this contemporary openness Canada also has its own history to contend with with a legacy of broken treaties and residential schools for its Indigenous peoples making reconciliation between Canada and First Nations an ongoing journey not a destination Drawing on history politics and literature this Very Short Introduction starts at the end of the last ice age when the melting of the ice sheets opened the northern half of North America to Indigenous peoples and covers up to today s anthropogenic climate change and Canada s climate politics Donald Wright emphasizes Canada s complexity and diversity as well as its different identities and its commitment to rights and explores its historical relationship to Great Britain and its ongoing relationship with the United States Finally he examines Canada s northern realities and its northern identities ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Geopolitics: A Very Short Introduction Klaus Dodds,2019-07-25 Geopolitics is a slippery term From great power politics and speculation about resource scrambles to everyday encounters and objects such as smart phones it affects citizens corporations international bodies social movements and governments Geopolitics is far more than simply the impact of geographical features such as rivers mountains and climate on political developments Geography matters but not necessarily in the way that pundits and presidents assume In this Very Short Introduction Klaus Dodds tours the field of geopolitics encompassing both its intellectual historical origins and its current concerns As people struggle to cross borders moving a few feet either side of a territorial boundary can be a matter of life or death dramatically highlighting the connections between place and politics Even far away from the front lines of states geopolitics remains an important part of everyday life A country s connectivity location size and resources all affect how the

people that live there understand and interact with the wider world In this third edition Dodds includes new sections considering the rise of populism and economic nationalism as examples of how states people and corporations manage territorial frames for political projects such as Make America Great Again One Belt One Road and Brexit ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Postcolonialism: A Very Short Introduction Robert J. C. Young, 2020-10-22 Postcolonialism explores the political social and cultural effects of decolonization continuing the anti colonial deconstruction of western dominance This Very Short Introduction discusses both the history and key debates of postcolonialism and considers its importance as a means of changing the way we think about the world Robert J C Young examines the key strategies that postcolonial thought has developed to engage with the impact of sometimes centuries of western political and cultural domination Situating the discussion in a wide cultural and geographical context he draws on examples such as the status of indigenous peoples of those dispossessed from their land Algerian rai music and global social and ecological movements In this new edition he also includes updated material on race slavery and postcolonial gender politics Above all Young argues that postcolonialism offers a political philosophy of activism that contests the current situation of global inequality which in a new way continues the anti colonial struggles of the past and enables us to decolonize our own lives in the present ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable The U.S. Civil War: A Very Short Introduction Louis P. Masur, 2020-10-01 More than one hundred and fifty years after the first shots were fired on Fort Sumter the Civil War still captures the American imagination and its reverberations can still be felt throughout America s social and political landscape Louis P Masur s The U S Civil War A Very Short Introduction offers a masterful and eminently readable overview of the war s multiple causes and catastrophic effects Masur begins by examining the complex origins of the war focusing on the pulsating tensions over states rights and slavery The book then proceeds to cover year by year the major political social and military events highlighting two important themes how the war shifted from a limited conflict to restore the Union to an all out war that would fundamentally transform Southern society and the process by which the war ultimately became a battle to abolish slavery Masur explains how the war turned what had been a loose collection of fiercely independent states into a nation remaking its political cultural and social institutions But he also focuses on the soldiers themselves both Union and Confederate whose stories constitute nothing less than America s Iliad In the final chapter Masur considers the aftermath of the South s surrender at Appomattox and the clash over the policies of reconstruction that

continued to divide President and Congress conservatives and radicals Southerners and Northerners for years to come In 1873 Mark Twain and Charles Dudley wrote that the war had wrought so profoundly upon the entire national character that the influence cannot be measured short of two or three generations This concise history of the entire Civil War era offers an invaluable introduction to the dramatic events whose effects are still felt today Silent Film: A Very Short Introduction Donna Kornhaber, 2020-09-01 Encompassing the thirty five year span between the initial development of film technology in the mid 1890s and the adoption of synchronized sound in the late 1920s the cinema s silent era is both one of the most important epochs of film history and one of the most misunderstood within the popular imagination In this brief and readable account these formative decades come vividly to life Covering the full scope of the silent era from the invention of motion pictures to the rise of the Hollywood studios and touching on films and filmmakers from every corner of the globe Silent Film A Very Short Introduction offers a window into film s first years as a worldwide entertainment phenomenon From groundbreaking early shorts to the masterpieces of the cinema s classical era from street corner nickelodeons to grand movie palaces from slapstick to the avant garde the silent era s artistic abundance and global variety are here put on full display In the story of silent film we see not just the origins of a new culture industry but also a legacy of imagination and innovation that continues to profoundly influence the cinema even to this day ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Thank you utterly much for downloading **American Politics A Very Short Introduction Very Short Introductions**. Maybe you have knowledge that, people have look numerous time for their favorite books behind this American Politics A Very Short Introduction Very Short Introductions, but stop in the works in harmful downloads.

Rather than enjoying a fine ebook subsequent to a mug of coffee in the afternoon, then again they juggled in imitation of some harmful virus inside their computer. **American Politics A Very Short Introduction Very Short Introductions** is easy to use in our digital library an online admission to it is set as public hence you can download it instantly. Our digital library saves in compound countries, allowing you to acquire the most less latency era to download any of our books similar to this one. Merely said, the American Politics A Very Short Introduction Very Short Introductions is universally compatible once any devices to read.
