The Spectacle of Disintegration McKenzie Wark, 2013-03-12 Following his acclaimed history of the Situationist International up until the late sixties *The Beach Beneath the Street* McKenzie Wark returns with a companion volume which puts the late work of the Situationists in a broader and deeper context charting their contemporary relevance and their deep critique of modernity Wark builds on their work to map the historical stages of the society of the spectacle from the diffuse to the integrated to what he calls the disintegrating spectacle *The Spectacle of Disintegration* takes the reader through the critique of political aesthetics of former Situationist T J Clark the Fourierist utopia of Raoul Vaneigem Ren Vignet's earthy situationist cinema Gianfranco Sanguinetti's pranking of the Italian ruling class Alice Becker-Ho's account of the anonymous language of the Romany Guy Debord's late films and his surprising work as a game designer At once an extraordinary counter history of radical praxis and a call to arms in the age of financial crisis and the resurgence of the streets *The Spectacle of Disintegration* recalls the hidden journeys taken in the attempt to leave the twentieth century and plots an exit from the twenty first The dustjacket unfolds to reveal a fold out poster of the collaborative graphic essay combining text selected by McKenzie Wark with composition and drawings by Kevin C Pyle **Resources in Education** , 1991-08

Leaving The Twentieth Century McKenzie Wark, 2024-08-20 The acclaimed history of the groundbreaking Situationist movement *The Situationist International* which leaped to the fore during the Paris tumult of 1968 has extended its revolutionary influence right up to the present day In *Leaving the Twentieth Century* the movement is captured for the first time in its full range and diversity McKenzie Wark traces the group's development from the bohemian Paris of the 50s to the explosive days of May 68 She introduces the group as an ensemble revealing the work and activities of thinkers previously obscured by the reputation of founding member Guy Debord Roaming through Europe and exploring the vital lives of its members including Constant Asger Jorn Michèle Bernstein Alexander Trocchi and Jacqueline de Jong Wark uncovers a group riven with conflicting passions She follows the narrative beyond 1968 to the Situationists International's disintegration and beyond the ideas of T J Clark the Fourierist utopia of Raoul Vaneigem Ren Vignet's earthy situationist cinema Gianfranco Sanguinetti's pranking of the Italian ruling class Alice Becker-Ho's account of the anonymous language of the Romany and Debord's late films and his surprising work as a game designer Democracy's Reconstruction Lawrie Balfour, 2011-02-11 In *Democracy's Reconstruction* the latest addition to Cathy Cohen and Fredrick Harris's *Transgressing Boundaries* series noted political theorist Lawrie Balfour challenges a longstanding tendency in political theory the disciplinary division that separates political theory proper from the study of black politics Political theory rarely engages with black political thinkers despite the fact that the problem of racial inequality is central to the entire enterprise of American political theory To address this lacuna she focuses on the political thought of W E B Du Bois particularly his longstanding concern with the relationship between slavery's legacy and the prospects for democracy in the era he lived in Balfour utilizes Du Bois as an

intellectual resource applying his method of addressing contemporary problems via the historical prism of slavery to address some of the fundamental racial divides and inequalities in contemporary America By establishing his theoretical method to study these historical connections she positions Du Bois s work in the political theory canon similar to the status it already has in history sociology philosophy and literature *Cumulated Index Medicus* ,1989 **Educating the Disabled** ,1987
