

PETERBILT MOTORS COMPANY

A DIVISION OF PACCAR INC.

MAINTENANCE MANUAL

This Maintenance Manual contains essential information regarding the service and maintenance of the Peterbilt Models 379, 377, 375, 357, and 355. Careful attention to these instructions will add to the performance, reliability, economy, and appearance of the vehicle.

The content of this manual is divided into major sections covering various components. Many sections contain illustrations to visibly represent the instructions. Since this manual covers many vehicle configurations, all the items covered in any section will not necessarily pertain to your particular vehicle. Some components require supplemental information published by the component manufacturer. The Peterbilt operator's Manual contains details for operating the vehicle.

Services other than the care and maintenance, as described in this manual, should be performed by trained personnel. Authorized Peterbilt dealers are recommended for major repair since they are staffed with trained servicemen, equipped with proper tools, and make use of advanced service methods.

All information and illustrations contained in this manual are based on the latest product information available at the time of publication. Peterbilt Motors Company reserves the right to make changes at any time without notice.
