When Comedy Goes Wrong Christopher J. Gilbert, 2025-04-01 While conventional wisdom has it that humor embodies a spirit of renewal and humility a dispirited form of comedy thrives in a media saturated and politically charged environment When Comedy Goes Wrong examines how beginning in the late twentieth and carrying into the early twenty first century a certain comic dispirit found various platforms for disheartening cultural politics From the calculated follies on talk radio programs like the Rush Limbaugh Show through the charades of cancel culture and ultimately to so called Alt Right comedy the transgressions improprieties and ego trips endemic to a newfangled comic freedom produced entirely unfunny ways of being To understand these unfunny ways Christopher J Gilbert challenges the prevailing belief in humor's goodness analyzing radio personalities meme culture films civil unrest and even the language of ordinary individuals and everyday speech all to demonstrate what happens when humor becomes humorless As such Gilbert imagines a nuanced sense of humor for a tumultuous world Ultimately When Comedy Goes Wrong transcends partisanship to explore the uglier parts of American culture imagining the stakes of doing comedy and being comical as a means of survival

Racism and Antisemitism in Fascist Italy Francesco Cassata, 2024-06-23 The racism and antisemitism of Fascist Italy have often been described as mild cultural spiritual and essentially non violent especially in comparison with the racial ideology of Nazi Germany This book challenges this simplistic interpretation with a thorough analysis of the texts and images of the magazine La Difesa della razza Defence of the race the principal public voice of Fascist biological racism which appeared fortnightly between 1938 and 1943 under the editorship of Telesio Interlandi Mussolini's unofficial mouthpiece with governmental financial support A negative icon of the propaganda of Fascist racism La Difesa della razza first appeared in August 1938 shortly before the passing of Italy's Racial Laws but had a long gestation It was the expression of a Fascist cultural milieu journalists writers artists and architects headed by Interlandi whose racism and antisemitism dated back to the end of the First World War By placing the magazine's emergence in this longer timescale and exploring the interrelationships of political action ideological discourse and imagery this book also demonstrates how the project of anthropological revolution building the New Man was a central element of Italian Fascism from the very beginning to the deportation of Italian Jews This new English edition has been thoroughly revised and updated

Women Without Men Donald J. Greiner, 1993 Donald J Greiner's provocative new study evaluates the fiction of ten contemporary female novelists to ask questions about gender relations in American fiction Looking closely at the reaction of female writers to what Greiner describes as a central paradigm of American literature men bonding in the wilderness in an attempt to escape

women and the social restrictions they represent Greiner contends that female novelists have not only adopted the venerable model but also adapted it so that women venture into the wilderness while excluding men from the quest Greiner first shows how such contemporary white male novelists as Frederick Busch John Irving and Larry Woiwode modify the literary model established by Cooper Melville and Twain to include women in the bonding process He then argues that recent female novelists are not so eager to allow males into the wilderness or to bond with them Rather than facilitate a closing of the gender gap many contemporary female writers insist on separating the sexes Greiner frames his analysis with discussions of prominent feminist literary theorists and feminist psychologists including Carolyn Heilbrun Rachel Brownstein Nancy Chodorow Janice Raymond and Judith Kegan Gardiner From close readings of recent novels by Gloria Naylor Marianne Wiggins Joan Didion Diane Johnson Marilynne Robinson Mona Simpson Hilma Wolitzer Meg Wolitzer Joan Chase and Lisa Alther Greiner finds three significant differences in the way contemporary female novelists employ the quest plot the patriarchal text is not repudiated but revised to accommodate female characters who readily accept the traditional masculine call to the quest once outside the bounds of society female bonds do not always hold males are excluded from the bonding process To contrast the gender exclusivity favored by contemporary female writers Greiner ends his study with a discussion of bonding as portrayed by contemporary male novelist Douglas Ungar *Rape and Representation* Lynn A.

Higgins,1993-07-15 Rape does not have to happen The fact that it does and in the United States a rape is reported every six minutes indicates that we live in a rape prone culture where rape or the threat of rape functions as a tool for enforcing sexual difference and hierarchy Rape and Representation explores how cultural forms construct and reenforce social attitudes and behaviors that perpetuate sexual violence The essays proceed from the observation that literature not only reflects but also contributes to what a society believes about itself Fourteen essays by authors in the fields of English American and African American German African Brazilian Classical and French literatures and film present a wide range of texts from different historical periods and cultures Contributors demythologize patriarchal representation in literature and art in order to show how it makes rape seem natural and inevitable Contributors include the editors John J Winkler Patricia Klindiest Joplin Susan Winnett Ellen Rooney Copp lia Kahn Eileen Julien Marta Peixoto Kathryn Gravdal Carla Freccero Nellie V McKay Nancy A Jones and Froma I Zeitlin Their work raises pressing and often difficult questions for feminist criticism **Legal Cultures**

and Human Rights Kirsten Hastrup,2021-08-04 Cultural diversity as expressed for instance in different normative orders or legal cultures poses both a practical and a theoretical challenge to the idea of universal human rights In the present volume the authors seek to address and contain this challenge with a view to the changing nature of the global society While culture is sometimes signposted as an obstacle to human rights on the ground this volume suggests that in so far as the global culture of human rights is primarily seen as a formal and institutional order based on a particular view of equal human worth local cultures cannot trump it The main point is that the culture of human rights is inclusive of all and must maintain a

standard by which all peoples and cultures can measure their own performances Further and as demonstrated in the present volume from a range of disciplines such as law literature history and anthropology culture is not a mental prison but a particular outlook upon the world for ever changing in response to new experiences and insights **C. L. R. James on the 'negro Question'** , The first collection of writings on African American topics by this internationally influential pan African thinker
