After Poststructuralism Reading Stories Theory:

After Poststructuralism Colin Davis, 2004-03-01 In the last decades of the twentieth century French poststructuralist theory transformed the humanities it also met with resistance and today we frequently hear that theory is dead In this brilliantly argued volume Colin Davis reconsiders key arguments for and against theory identifying significant misreadings reassesses the contribution of poststructuralist thought to the critical issues of knowledge ethics hope and identity sheds new light on the work of Jean Fran ois Lyotard Emmanuel Levinas Louis Althusser and Julia Kristeva in a stunning series of readings offers a fresh perspective on recent debates around the death of theory In closing he argues that theory may change but it will not go away After poststructuralism then comes the afterlife of poststructuralism Wonderfully accessible this is an account of the past and present fortunes of theory suitable for anyone researching teaching or studying in the field And yet it is much more than this Colin Davis provides a way forward for the humanities a way forward in which theory will play a crucial part

Montaigne after Theory, Theory after Montaigne Zahi Zalloua, 2011-07-01 Essayist Michel de Montaigne is one of the most accessible and widely read authors in world literature His skepticism and relativism and the personal quality of his writing make him a perennial favorite among readers today Montaigne After Theory Theory After Montaigne pursues the idea that theory has altered the scholarly understanding of Montaigne while Montaigne s ideas have simultaneously challenged the authority of the various interpretive doxa collectively known as theory Montaigne s life and writings have drawn myriad interpretations While some scholars of his work focus on the content of the writings to define the man others stress his playful use of language Montaigne s complex and multifaceted works provide fertile ground for exploring themes of wide ranging significance within the field of literary theory including the relationship between biography and theory the critique of modernism a critical history of the confessional mode of writing sexuality and gender and the theory of practice The essays in this collection move beyond the current stalemate in Montaigne criticism by revisiting questions about the role of theory in literary studies and by opening up a dialogue on the validity and limitations or use and abuse of theory in Montaigne studies

theory will play a crucial part **An Introduction to Literature, Criticism and Theory** Andrew Bennett, Nicholas Royle, 2014-07-10 Fresh original and compelling *An Introduction to Literature Criticism and Theory* is the essential guide to literary studies Starting at the beginning and concluding with the end the book covers topics that range from the familiar character narrative the author to the more unusual secrets pleasure ghosts Eschewing abstract isms Bennett and Royle successfully illuminate complex ideas by engaging directly with literary works so that a reading of *Jane Eyre* opens up ways of thinking about racial difference whilst Chaucer Raymond Chandler and Monty Python are all invoked in a discussion of literary laughter Each chapter ends with a narrative guide to further reading and the book also includes a glossary and bibliography The fourth edition has been revised to incorporate two timely new chapters on animals and the environment A breath of fresh air in a field that can often seem dry and dauntingly theoretical this book will open the reader's eyes to the exhilarating possibilities of both reading and studying literature *Do You Feel it Too?* Nicoline Timmer, 2010 *Do You Feel It Too* explores a new sense of self that is becoming manifest in experimental fiction written by a generation of authors who can be considered the heirs of the postmodern tradition It offers a precise in depth analysis of a new post postmodern direction in fiction writing and highlights which aspects are most acute in the post postmodern novel Most notable is the emphatic expression of feelings and sentiments and a drive toward inter subjective connection and communication The self that is presented in these post postmodern works of fiction can best be characterized as relational To analyze this new sense of self a new interpretational method is introduced that offers a sophisticated approach to fictional selves combining the insights of post classical narratology and what is called narrative psychology Close analyses of three contemporary experimental texts *Infinite Jest* 1996 by David Foster Wallace *A Heartbreaking Work of Staggering Genius* 2000 by Dave Eggers and *House of Leaves* 2000 by Mark Danielewski provide insight into the typical problems that the self experiences in postmodern cultural contexts Three such problems or symptoms are singled out and analyzed in depth an inability to choose because of a lack of decision making tools a difficulty to situate or appropriate feelings and a structural need for a we a desire for connectivity and sociality The critique that can be distilled from these texts especially on the perceived solipsistic quality of postmodern experience worlds runs parallel to developments in recent critical theory These developments in fiction and theory both signal in the wake of poststructural conceptions of subjectivity a perhaps much awaited turn to the human in our culture at large today *The Bible in Theory* Stephen D. Moore, 2010 The sixteen essays assembled in this volume four of them co authored chart the successive phases of a professional life lived in the interstices of Bible and theory Engaging such texts as the Song of Songs 4 Maccabees Mark Luke Acts John and Romans and such themes as the quest for the historical Jesus the essays simultaneously traverse postmodernism deconstruction New Historicism autobiographical criticism cultural studies postcolonial studies masculinity studies queer theory and posttheory Individual essay introductions and periodic annotated bibliographies make the volume an advanced introduction to biblical literary criticism From publisher's description

Following the Textual Revolution Tymon Adamczewski, 2016-10-24 Analysis of literature and culture abounds in modern scholarship customarily written in the familiar language of literary theory Though the terminology today seems more or less straightforward this was not always the case The propositions for a new and active understanding of text put forward in the 1960s by theorists like Roland Barthes and Jacques Derrida profoundly influenced contemporary critical thought and were unnerving to many This book examines how a divergent school of literary and cultural studies created French Theory appropriated its ideas about text and textuality and altered the landscape of debate in mainstream academic discourse The author traces the standardization of a once rebellious poststructuralism and presents contemporary critical thinking that questions the assumptions of Theory

Literary Theory: The Basics Hans Bertens, 2017-07-14 This third edition of Hans Bertens bestselling book is an essential guide to the often confusing and complicated world of literary theory Exploring a broad range of topics from Marxist and feminist criticism to postmodernism and new historicism *Literary Theory The Basics* covers contemporary topics including reception theory and reader response theory the new criticism of postmodernism the after theory debate post humanism biopolitics and animal studies aesthetics *Literary Theory The Basics* helps readers to approach the many theories and debates in this field with confidence Now with updated case studies and further reading this is an essential purchase for anyone who strives to understand literary theory today

The Routledge Companion to Narrative Theory Paul Dawson, Maria Mäkelä, 2022-07-18 The Routledge Companion to Narrative Theory brings together top scholars in the field to explore the significance of narrative to pressing social cultural and theoretical issues How does narrative both inform and limit the way we think today From conspiracy theories and social media movements to racial politics and climate change future scenarios the reach is broad This volume is distinctive for addressing the complicated relations between the interdisciplinary narrative turn in the academy and the contemporary boom of instrumental storytelling in the public sphere The scholars collected here explore new theories of causality experientiality and fictionality challenge normative modes of storytelling and offer polemical accounts of narrative fiction nonfiction and video games Drawing upon the latest research in areas from cognitive sciences to complexity theory the volume provides an accessible entry point for those new to the myriad applications of narrative theory and a point of departure for new scholarship

The Invention of the Biblical Scholar Stephen D. Moore, Yvonne Sherwood, In this tale of two disciplines Stephen D Moore and Yvonne Sherwood invite the reader into a paradox just as the wider field of literary studies has now come to operate after theory biblical scholars continue their long search for an elusive Holy Grail a definitive literary critical theory Understanding that paradox requires revisiting the peculiar history by which the curious figure of the biblical scholar was invented during the Enlightenment and how contemporary biblical scholarship continues however unwittingly to pursue Enlightenment goals

Literary Theory Julie Rivkin, Michael Ryan, 2017-02-06 The new edition of this bestselling literary theory anthology has been thoroughly updated to include influential texts from innovative new areas including disability studies eco criticism and

ethics Covers all the major schools and methods that make up the dynamic field of literary theory from Formalism to Postcolonialism Expanded to include work from Stuart Hall Sara Ahmed and Lauren Berlant Pedagogically enhanced with detailed editorial introductions and a comprehensive glossary of terms *Radical Research* John Schostak, Jill Schostak, 2007-09-05 Radical Research explores the view that research is not a neutral tool to be employed without bias in the search for truth Rather the radical roots of research are to be seen in the focus on freedom and emancipation from blind allegiance to tradition common sense religion or powerful individuals and organisations Radical Research introduces and draws upon leading contemporary debates and data gathered from a diversity of funded projects in health education police training youth and community schools business and the use of information technology This book presents a radical view of research in a way that enables both beginner and the experienced professional researcher to explore its approaches in the formation of their own views and practices It progressively leads the reader from discussions of case studies to critical explorations of the philosophical and methodological concepts theories and arguments that are central to contemporary debates In essence this book shows how to design develop and write radical research under conditions where normal research rules apply and it offers a ground breaking and proven alternative to traditional research techniques

Encrypting the Past Kirstin Gwyer, 2014 Encrypting the Past puts forward the literary category of the first generation German Jewish Holocaust novel showing that Holocaust literature was being written decades before postwar authors such as Sebald were credited with having found new ways of reflecting the unspeakable Critical Excess Colin Davis, 2010-04-06 The ancient quarrel between philosophy and literature seems to have been resolved once and for all with the recognition that philosophy and the arts may be allies instead of enemies Critical Excess examines in detail the work of five thinkers who have had a huge ongoing impact on the study of literature and film Jacques Derrida Gilles Deleuze Emmanuel Levinas Slavoj Žižek and Stanley Cavell Their approaches are very different from one another but they each make unexpected interpretive leaps that render their readings exhilarating and unnerving But do they go too far Does a scribbled note left behind by Nietzsche really tell us about the nature of textuality Can Hitchcock truly tell you everything you always wanted to know about Lacan Does the blanket hung up in a motel room invoke the Kantian divide between the knowable phenomenal world and the unknowable things in themselves Contextualizing the work of the five thinkers in the intellectual debates to which they contribute this book analyzes the stakes and advantages of overreading **Narratives of Trauma in South Asian**

Literature Goutam Karmakar, Zeenat Khan, 2022-12-30 This volume addresses cultural and literary narratives of trauma in South Asian literature Presenting a novel cross cultural perspective on trauma theory the essays within this volume study the divergent cultural responses to trauma and violence in various parts of South Asia including Sri Lanka Bangladesh Nepal and Afghanistan which have received little attention in literary writings on trauma in their specific circumstances Through comprehensive sociocultural understanding of the region this book creates an approachable space where trauma engages

with themes like racial identity ethnicity nationality religious dogma and cultural environment With case studies from Kashmir the 1971 liberation war of Bangladesh and armed conflict in Nepal and Afghanistan the volume will be of interest to scholars students and researchers of literature history politics conflict studies and South Asian studies

The Changing Role of the Public Intellectual Dolan Cummings, 2013-09-27 Ideas can define and transform society but how healthy is intellectual life today In a period when Big Brother refers not to George Orwell but to a reality TV show and when bright young things are developing gameshow formats rather than scribbling essays when thinkers join think tanks to design short term government policy rather than reflecting on and challenging the status quo and when the ever growing number of graduates seem more interested in job prospects than academic endeavour is intellectual life in terminal decline This book looks at the idea of the public intellectual considering whether such thinkers are becoming an endangered species It also looks at the legacy of relativism and ethical doubts about the pursuit of knowledge and the effect of such developments on intellectual life The final section considers the expansion of higher education and the changing role of the academic Taken together the essays in this collection form a comprehensive overview of the intellectual climate today and the possibilities for the future This volume was previously published as a special issue of the journal *Critical Review of International Social and Political Philosophy* CRISPP

How Russian Literature Became Great Rolf Hellebust, 2024-01-15 How Russian Literature Became Great explores the cultural and political role of a modern national literature orchestrated in a Slavonic key but resonating far beyond Russia's borders Rolf Hellebust investigates a range of literary tendencies philosophies and theories from antiquity to the present Roman jurisprudence to German Romanticism French Enlightenment to Czech Structuralism Herder to Hobsbawm Samuel Johnson to Sainte Beuve and so on Besides the usual Russian suspects from Pushkin to Chekhov Hellebust includes European writers Byron and Shelley Goethe and Schiller Chateaubriand and Baudelaire Dante Mickiewicz and more As elsewhere writing in Russia advertises itself via a canon of literary monuments constituting an atemporal ideal order among themselves T S Eliot And yet this is a tradition that could only have been born at a specific moment in the golden nineteenth century age of historiography and nation building The Russian example reveals the contradictions between immutability and innovation universality and specificity at the heart of modern conceptions of tradition from Sainte Beuve through Eliot and down to the present day The conditions of its era of formation the prominence of the crucial literary historical question of the writer's social function and the equation of literature with national identity make the Russian classical tradition the epitome of a unified cultural text with a complex narrative in which competing stories of progress and decline unfold through the symbolic biographical encounters of the authors who constitute its members How Russian Literature Became Great thus offers a new paradigm for understanding the paradoxes of modern tradition

The Ethics of Storytelling Hanna Meretoja, 2018 Against the backdrop of the polarized debate on the ethical significance of storytelling Hanna Meretoja's *The Ethics of Storytelling Narrative Hermeneutics History and the Possible*

develops a nuanced framework for exploring the ethical complexity of the roles narratives play in our lives Focusing on how narratives enlarge and diminish the spaces of possibilities in which we act think and re imagine the world together with others this book proposes a theoretical analytical framework for engaging with both the ethical potential and risks of storytelling Further it elaborates a narrative hermeneutics that treats narratives as culturally mediated practices of re interpreting experiences and articulates how narratives can be oppressive empowering or both It also argues that the relationship between narrative unconscious and narrative imagination shapes our sense of the possible In her book Meretoja develops a hermeneutic narrative ethics that differentiates between six dimensions of the ethical potential of storytelling the power of narratives to cultivate our sense of the possible to contribute to individual and cultural self understanding to enable understanding other lives non subsumptively in their singularity to transform the narrative in between that bind people together to develop our perspective awareness and capacity for perspective taking and to function as a form of ethical inquiry This book addresses our implication in violent histories and argues that it is as dialogic storytellers fundamentally vulnerable and dependent on one another that we become who we are both as individuals and communities The Ethics of Storytelling seamlessly incorporates narrative ethics literary narrative studies narrative psychology narrative philosophy and cultural memory studies It contributes to contemporary interdisciplinary narrative studies by developing narrative hermeneutics as a philosophically rigorous historically sensitive and analytically subtle approach to the ethical stakes of the debate on the narrative dimension of human existence

Between the Two Ken Gale,Jonathan Wyatt,2009-10-02 In this unique work Ken Gale and Jonathan Wyatt bring together three areas of scholarship collaborative writing as method of inquiry the philosophical approaches of the French philosopher Gilles Deleuze and the performativity of both writing and the self The book is a reflexive exploration into the theory and practice of collaborative writing with their between the twos sequences of exchanged writings using a variety of forms and genres at the book s heart Their collaboration offers an experimental transgressive and nomadic inquiry into subjectivity Based upon the authors joint doctoral dissertation the book draws for its theoretical base primarily from the work of Deleuze from both his philosophical figures and the insights that he offers into his collaborations with others It also tells a story conveying a sense of a relationship developing over time This book will interest both academics and postgraduate students in the field of qualitative inquiry including those involved in narrative inquiry cultural communication and performance studies and autoethnography

Madness in Twentieth-century French Women's Writing Suzanne Dow,2009 Modern French Identities focuses on the French and Francophone writing of the twentieth and twenty first centuries whose formal experiments and revisions of genre have combined to create an entirely new set of literary forms The series publishes studies of individual authors and artists comparative studies and interdisciplinary projects
