

Washer Quick Start Guide

We know you're excited about owning an ASKO washing machine and you're anxious to get started, so here is a brief summary of the operating procedures. To get the most of the features of your machine, we recommend that you read your User and Care Guide.

THE CONTROL PANEL

Power Button

The Power button turns the power to the machine on and off. When the power is on, the power indicator light glows red. The power must be on before you can open the door, set the programs or start the machine.

Start/Stop Button

Once you've selected the program and options, press this button to start the washer. To stop the washer during a program, press and hold this button down for a few seconds. If you press this button to stop a program, you will have to reselect the program to restart the unit.

Door Open Button

The power must be on and you must press this button to open the door. There will be a few seconds delay before the door opens. Please note that the unit must be at the end of a program and the water drained before the door will open.

Program Control Knob

Turn this knob to the desired program. The table below defines each program.

Temperature Control Knob

Turn this knob clockwise to the desired wash temperature. Always refer to the garment care label for recommended wash temperature.

Cancelling a Program

To cancel a program after the washer has started, press and hold the Start/Stop-button until the unit stops. If there is water in the washer, you will have to turn the Program Control knob to Drain then press Start. The water will drain and the unit will stop in 30 to 45 seconds. You can then open the door.

PROGRAMS

Your ASKO washer has several programs and options specifically designed to give you the cleanest laundry possible. The table below shows the temperature options and recommended load size for each wash program. The Options are explained on the next page.

Program	Types of Laundry	Temp. Options (° F)	Load Size
Stein	For heavily soiled cotton	85 to 205	Full
