America and Its Guns James E. Atwood, 2012-06-01 James Atwood contends that the thirty thousand gun deaths America suffers every year cannot be understood apart from our national myth that God has appointed America as the trustee of the civilization of the world and even Christ's light to the nations Because these purposes are noble and we are supposedly a good and trustworthy people violence is sometimes required and gives license to individuals to carry open or concealed weapons which save lives and can even be redemptive Atwood an avid hunter cautions that an absolute trust in guns and violence morphs easily into idolatry Having spent thirty six years as a Presbyterian pastor fighting against the easy access to firearms one of which took the life of a friend he uses his unique experience and his biblical and theological understanding to graphically portray the impact guns have on our society He documents how Americans have been deceived into believing that the tools of violence whether they take the form of advanced military technology or a handgun in the bedside stand will provide security He closes with a wake up call to the faith community which he says is America's best hope to unmask the extremism of the Gun Empire

Getting to Nuclear Zero in Northeast Asia Gregory Kulacki, Keiko Nakamura, Jae-Jung Suh, Tatsujiro Suzuki, 2025-06-27 This book presents realistic alternatives to security policies based on nuclear weapons for the Northeast Asian region Northeast Asian governments and populations feel less secure than ever and the governments of the USA Russia China and North Korea are all expending considerable resources on increasing their nuclear arsenals This book presents realistic alternatives to security

policies dependent on threats to use nuclear weapons and demonstrations of the resolve to use them in a war Those alternatives are grounded in the well established concept of common security The long term goal of these alternatives is the establishment of a nuclear weapon free zone in Northeast Asia This book demonstrates that lessons learned during the creation of existing nuclear weapon free zones can be successfully adapted using the proposed alternatives to nuclear threats to the considerably more challenging circumstances that exist in contemporary Northeast Asia More importantly it makes the case that the mere process of pursuing this objective even if the goal is not realized for many decades would help facilitate regional risk reduction measures and global nuclear arms control measures that could lead in the long term to the general and complete disarmament promised by the Nuclear Nonproliferation Treaty NPT and the Treaty on the Prohibition of Nuclear Weapons TPNW of 2021 This book will be of interest to students of nuclear proliferation Asian security foreign policy and International Relations *The Marine Corps Gazette* ,1966 In Search of Manhood Don H. Corrigan,2024-08-30

American men began an earnest search for the meaning of manhood in the latter half of the 20th century and enlisted in such groups as Promise Keepers Million Man March National Congress of Men and fathers rights groups This study chronicles those movements as well as the more visible male activism of today in such groups as Proud Boys Three Percenters and Oath Keepers The book explores the misogyny and militancy embodied in these new quests for manhood The first section covers pop culture influences on conceptions of masculinity and moves from celebrity iconography to the institutional and organizational influences that men have relied on in the effort to make themselves masculine The second section describes masculinity and men s movements in the 20th century and the third section covers the 21st The final chapters analyze the contrast between the more thoughtful men s movements before the turn of the century and the more militant and physical movements after 2000 posing and addressing critical questions about the relationship between prevailing ideals of masculinity and events like the January 6th insurrection A Brief History of the 7th Marines James S.
