Assessing Speaking Cambridge Language Assessment:

Assessing Speaking Sari Luoma, 2004-06-17 Speaking is a central yet complex area of language acquisition. The assessment of this crucial skill is equally complex. This book takes teachers and language testers through the research on the assessment of speaking as well as through current tests of speaking. The book then guides language testers through the stages of test tasks, rating practices and design. *Assessing Speaking* Luoma, Sari, 2007 *Examining Speaking* Lynda Taylor, 2011-08-25 An up to date review of the relevant literature on assessing speaking **Exploring Language**

Assessment and Testing Anthony Green, 2020-12-29 The Routledge Introductions to Applied Linguistics series takes an innovative practice to theory approach with a back to front structure. This leads the reader from real world problems and issues through a discussion of intervention and how to engage with these concerns before finally relating these practical issues to theoretical foundations. *Exploring Language Assessment and Testing* offers a straightforward and accessible introduction that starts from real world experiences and uses practical examples to introduce the reader to the academic field of language assessment and testing. Extensively updated with additional features such as reader tasks with extensive commentaries from the author, a glossary of key terms and an annotated further reading section, this second edition provides coverage of recent theoretical and technological developments and explores specific purposes for assessment. Including concrete models and examples to guide readers into the relevant literature, this book also offers practical guidance for educators and researchers on designing, developing and using assessments. Providing an inclusive and impartial survey of both classroom based assessment by teachers and larger scale testing, this is an indispensable introduction for postgraduate and advanced undergraduate students studying Language Education, Applied Linguistics and Language Assessment.

Local Language Testing Slobodanka Dimova, Xun Yan, April Ginther, 2020-02-20 *Local Language Testing: Design, Implementation and Development* describes the language testing practice that exists in the intermediate space between large scale standardized testing and classroom assessment, an area that is rarely addressed in the language testing and assessment literature. Covering both theory and practice, the book focuses on the advantages of local tests, fosters and encourages their use and provides suggested ideas for their development and maintenance. The authors include examples of operational tests with well proven track records and discuss the ability of local tests to represent local contexts and values explicitly and purposefully embed test results within instructional practice and provide data for program evaluation and research. Local testing practices grounded in the theoretical principles of language testing, drawing from experiences with local testing and providing practical examples of local language tests illustrating how they can be designed to effectively function within and across different institutional contexts, examples of how local language tests and assessments are developed for use within a specific context and how they serve a variety of purposes, e.g. entry level proficiency testing, placement testing, international teaching assistant testing, writing assessment and program evaluation. Aimed at language program directors, graduate

students and researchers involved in language program development and evaluation this is a timely book in that it focuses on the advantages of local tests fosters and encourages their use and outlines their development and maintenance It constitutes essential reading for language program directors graduate students and researchers involved in language program development and evaluation

Revisiting the Assessment of Second Language Abilities: From Theory to Practice Sahbi Hidri, 2018-01-12 This book presents an overview of revisiting the assessment of language abilities It also showcases how the measurement of such constructs can result in negative or positive washback and how outcomes might be conducive to repercussions that decide on the future of many stakeholders The 23 chapters were selected among tens of chapters received from different contexts that addressed the issue of revisiting the assessment of language abilities such as Tunisia Ukraine Algeria Russia KSA Sudan Egypt Canada Kurdistan UK USA Iran Turkey etc These contexts have highlighted the necessity to revisit the different constructs which should be assessed with a clear and straightforward foundation on students learning objectives and their actual language ability To do so most of the chapters present hands on use of relevant statistical tests that might serve in revisiting the construct definition both theoretically and operationally

Perhaps the sole and intricate question that the authors of these contributions ask is what it means to revisit the assessment of the construct of individualized language ability and how. In addition, the book accentuates the momentousness and significance of reflecting on test fairness and validation as the mainspring and backbone for democratization of assessment. This book appeals to a broad readership such as English Language Teaching (ELT) practitioners, language teachers, students, testing organizations, policy makers, test designers, writers of test specifications, testing experts, researchers, program evaluators, especially in the Middle East and North Africa (MENA) as well as other international contexts.

Handbook of Research on Assessment Literacy and Teacher-Made Testing in the Language Classroom White, Eddy, Delaney, Thomas, 2018-11-23. The evaluation of student performance and knowledge is a critical element of an educator's job as well as an essential step in the learning process for students. The quality and effectiveness of the evaluations given by educators are impacted by their ability to create and use reliable and valuable evaluations to facilitate and communicate student learning. The *Handbook of Research on Assessment Literacy and Teacher-Made Testing in the Language Classroom* is an essential reference source that discusses effective language assessment and educator roles in evaluation design. Featuring research on topics such as course learning outcomes, learning analytics, and teacher collaboration, this book is ideally designed for educators, administrative officials, linguists, academicians, researchers, and education students seeking coverage on an educator's role in evaluation design and analyses of evaluation methods and outcomes.
