Beholding Strahan Coleman, 2023-02-07 Move from a transactional experience with God to a transformational friendship with Him through prayer How can time with God be a source of peace in a loud and distracting world In Beholding spiritual director and poet Strahan Coleman invites readers to discover the joy of being with God not just working for Him As they inhabit the art of resting in God's presence prayer becomes not only a place of seeking but becoming Beholding calls Christians to understand how Prayer is so much more than spoken conversation between us and God it's a way of existing together Beholding God in prayer is profoundly connected to beholding and dignifying others Embracing prayer practices from different Christian traditions digs a deep well of peace in the soul Our everyday ordinary lives can become the meeting place for God through silence solitude community creation and hospitality The Philokalia Brock Bingaman, Bradley Nassif, 2012-06-26 This volume provides an ecumenical collection of scholarly essays on the Philokalia that introduces readers to its background motifs authors and relevance for contemporary life and thought Mount Athos, the Sacred Bridge Dimitri Conomos, Dimitri E. Conomos, Graham Speake, 2005 Most of the papers included in this volume were first presented at a conference convened by the Friends of Mount Athos at Madingley Hall Cambridge in 2003 Mount Athos is the principal surviving centre of Orthodox monasticism and the spiritual heart of the Orthodox world The aims of the conference were to draw attention to the historic importance the spirituality and the religious legacy of the Holy Mountain and to shed light on the contribution made by Athonite monasticism not only to worldwide Orthodoxy but also to Christianity at large Many of the papers focus on particular individuals who from the fourteenth century to the twentieth have exemplified the spiritual traditions of Athos and whose memory as spiritual fathers confessors and ascetics continues to inspire their successors today *The Philokalia* Saint Makarios (Metropolitan of Corinth), Saint Nicodemus (the Hagiorite), 2008 *The New Astronomy: Opening the Electromagnetic Window and Expanding our View of Planet Earth* Wayne Orchiston, 2006-01-17 This is an unusual book combining as it does papers on astrobiology history of astronomy and sundials but after all Woody Sullivan is an unusual man In late 2003 I spent two fruitful and enjoyable months in the Astronomy Department at the University of Washington UW working on archival material accumulated over the decades by Woody for a book we will co author with Jessica Chapman on the early development of Australian astronomy The only serious intellectual distraction I faced during this period was planning for an IAU colloquium on transits of Venus scheduled for June 2004 in England where I was down to present the Cook paper I knew Woody was also interested in transits and indeed anything remotely connected

with shadows see his paper on page 3 and in discussing the Preston meeting with him it transpired that his 60th birthday was timed to occur just one week later This was where the seed of Woodfest began to germinate Why not invite friends and colleagues to join Woody in Seattle and celebrate this proud event I put the idea to Woody and others at UW they liked it and Woodfest was born

The Living Church, 1954 Re-Introducing Christianity Amir Azarvan, 2016-03-22 Faith means making a virtue out of not thinking And those who preach faith and enable and elevate it are intellectual slaveholders keeping mankind in a bondage to fantasy and nonsense that has spawned and justified so much lunacy and destruction Bill Maher Many seem unaware that contemporary critiques of Christianity are relevant mostly to its

modern offshoots whose followers have to some extent earned Bill Maher's unflattering caricatures. To its detriment, Christianity is increasingly identified in people's minds with these more recent expressions. As a result, a growing number of people are turning away from Christianity and indeed religious faith altogether. Drawing from an eclectic group of theologians, clergy members, monastics, and lay scholars, this edited volume reintroduces Christianity to a modern audience. It presents a more authentic experiential side of Christianity to the religious skeptic, a side that eschews blind faith, legalism, and judgment, a side that is rarely given a hearing in the ongoing debate with today's skeptics. *Re Introducing Christianity* is also directed at modern Christians and refutes their most frequently expressed criticisms of what the contributors boldly but humbly call the Apostolic Faith.

The Orthodox Church John Anthony McGuckin, 2010-12-13. This important work offers the most comprehensive and up-to-date account of the Orthodox Church available, providing a detailed account of its historical development as well as exploring Orthodox theology and culture. Written by one of the leading Orthodox historians and theologians in the English-speaking world, it offers an in-depth engagement with the issues surrounding Orthodoxy's relationship to the modern world, including political, cultural, and ethical debates. Considers the belief, tradition, spirituality, liturgical diversity, and Biblical heritage of the Eastern Churches, their endurance of oppressions and totalitarianisms, and their contemporary need to rediscover their voice and confidence in a new world order. Recipient of a CHOICE Outstanding Academic Title for 2009 award.
