## **Afterlife Teaching From Stephen The Martyr:**

**Afterlife Teaching from Stephen the Martyr** Michael Cocks, 2011-10 Early in 1974 a small group of religious friends began gathering periodically at the modest home of Thomas and Olive Ashman in Christchurch New Zealand We would reverently pray for protection and be silent says the Rev Michael Cocks an Anglican priest from Christchurch Tom would sit upright in a chair relaxed After two or three minutes he would begin to pale and to breathe deeply Then his body would give a slight jerk as Stephen seemed to take over In effect Tom Ashman was a trance medium and was entering an altered state of consciousness as his body was being taken over by the entity called Stephen who would then speak to the group using Ashman's vocal cords Stephen would dialogue with the group which in addition to Cocks and Ashman's wife Olive also included a Liberal Catholic priest a Buddhist and other curious observers But this was not just any Stephen it was Saint Stephen the first Christian Martyr Cocks states that normally Stephen spoke through Ashman in a rather curious English but that he twice spoke in an ancient Greek dialect which apparently was for the purposes of confirming his identity For myself I do not speak English and I never have Stephen related in one of the sittings I activate these words that are in Thomas's memory and are known to him Occasionally there is a little magic when I join together sounds and symbols that are in Thomas's mind so that words may be spoken that are not known to Thomas After one of the early sittings in which Stephen spoke in Greek Cocks consulted a lecturer in Greek at a University about Stephen's Greek words She reported my request to the then bishop who called me for a chat Cocks recalls To him I denied being interested in spiritualism as was definitely the case in those days In one philosophical discussion during 1973 Stephen offered an analogy in explaining why humans do not fully comprehend the physical life He likened God to a surgeon think how a surgeon would act if when he had to operate he had to keep the patient conscious adjust mirrors so the patient could see the operation that would be beyond his understanding in any case Should he perhaps have each patient undertake advanced studies before an operation Or would it perhaps not be better only to operate on a surgeon Stephen went on to say that the complexity is such that the patient must trust his surgeon

**The Afterlife in Early Christian Carthage** Stephen E. Potthoff, 2016-12-01 The Afterlife in

Early Christian Carthage explores how the visionary experiences of early Christian martyrs shaped and informed early Christian ancestor cult and the construction of the cemetery as paradise Taking the early Christian cemeteries in Carthage as a case study the volume broadens our understanding of the historical and cultural origins of the early Christian cult of the saints and highlights the often divergent views about the dead and post mortem realms expressed by the church fathers and in graveside ritual and the material culture of the cemetery This fascinating study is a key resource for students of late antique and early Christian culture

**Life After Death** Alan Segal, 2010-06-23 A magisterial work of social history Life After Death illuminates the many different ways ancient civilizations grappled with the question of what exactly happens to us after we die In a masterful exploration of how Western civilizations have defined the afterlife Alan F Segal weaves together biblical and literary scholarship sociology history and philosophy A renowned scholar Segal examines the maps of the afterlife found in Western religious texts and reveals not only what various cultures believed but how their notions reflected their societies realities and ideals and why those beliefs changed over time He maintains that the afterlife is the mirror in which a society arranges its concept of the self The composition process for Judaism Christianity and Islam begins in grief and ends in the victory of the self over death Arguing that in every religious tradition the afterlife represents the ultimate reward for the good Segal combines historical and anthropological data with insights gleaned from religious and philosophical writings to explain the following mysteries why the Egyptians insisted on an afterlife in heaven while the body was embalmed in a tomb on earth why the Babylonians viewed the dead as living in underground prisons why the Hebrews remained silent about life after death during the period of the First Temple yet embraced it in the Second Temple period 534 B C E 70 C E and why Christianity placed the afterlife in the center of its belief system He discusses the inner dialogues and arguments within Judaism and Christianity showing the underlying dynamic behind them as well as the ideas that mark the differences between the two religions In a thoughtful examination of the influence of biblical views of heaven and martyrdom on Islamic beliefs he offers a fascinating perspective on the current troubling rise of Islamic fundamentalism In tracing the organic historical relationships between sacred texts and communities of belief and comparing the visions of life after death that have emerged throughout history Segal sheds a bright revealing light on the intimate connections between notions of the afterlife the societies that produced them and the individual s search for the ultimate meaning of life on earth

**Death and the Afterlife** Jacob Neusner, 2010-04-01 Why does one die How should one die What happens after death How do resurrection and reincarnation fit within various religious traditions These are the four fundamental questions posed in Death and the Afterlife The answers from acknowledged authorities give insights into the beliefs and traditions of these faiths and will help readers understand the similarities and differences among them In this volume Charles Hallisey presents the viewpoint of Buddhism Jacob Neusner offers the perspective of Judaism Jonathan Brockopp writes from the standpoint of Islam Bruce Chilton discusses Christianity and Brian K Smith writes on Hinduism

 and concludes that personal immortality is integral to the functioning of these texts as the anticipated reward for a martyr s  
 death Accordingly the very diverse conceptions of the afterlife presented in them are indicative of the frequently ignored  
 theological diversity and experimental spirit prevalent in both early Christianity and late Second Temple Judaism The  
 discussion also incorporates a unique definition of martyrdom that recognizes the genealogical and developmental  
 connections between Christian martyrdom and its antecedents Discovering Our Spiritual Identity Trevor
