Assassination Point Blank:

Assassination Point Blank John Onesti, 2014-11-21 A web of secret societies war profiteers rogue intelligence operatives and a planned drug war are just a few of the adversaries facing young charismatic President James Kelly In his valiant effort to save the United States from a nefarious future Kelly finds himself battling an invisible cabal who in the end has surrounded him on all fronts An assassination is planned and Lew Ohlman is the cabal's chosen fall guy but who will actually pull the trigger How and why Will there be a team of faceless shooters stationed around the plaza and on the grassy knoll And when Lew Ohlman temporarily escapes the conspirators how far will the evil men go to cover their tracks With fascinating twists and turns the assassin's identity is finally revealed and with it comes an even greater mystery of the Luciferian occult rituals practiced by the powerful architects of the President's downfall In the end most riveting for the reader is the question of what profound insight the fictional events portrayed in Assassination Point Blank might offer in the actual assassination of President John F Kennedy

Assassin's Code Don Pendleton, 2011-11-29 There's a brutal new player in the Middle East a mysterious group of radicalized assassins unleashing havoc When a U S envoy is slaughtered Mack Bolan picks up the hunt in the Afghan mountains the first leg of a mission to stem the flow of spilled blood across a shattered region and the world In a sophisticated undercover operation that spans the borderlands and urban battlefields of Iraq Pakistan and India Bolan and a handful of operatives attempt to do the impossible find and terminate the revitalized Islamic murder cult Reborn from an ancient sect the group merges ancient terror with modern technology As dealers of death for the hard line ruling Mullahs the Council of Assassins plots a new global caliphate with a calculated first strike aimed at the heart of the United States

The Kennedy Assassinations Mel Ayton, 2022-07-19 Few events have been the subject of more conspiracy theories than the assassinations of the two Kennedy brothers Indeed a great many people consider that there were other individuals than Lee Harvey Oswald and Sirhan Sirhan involved in both murders Was a shot fired from Dealey Plaza's grassy knoll Why did Jack Ruby shoot Oswald Was it the CIA the Soviets Cuban nationalists or the Mafia that arranged John Kennedy's assassination Was Robert Kennedy shot from in front and behind and who had the most to gain from his death These are just a few of the questions that have been put forward by a myriad of conspiracy theorists and it is those people and their ideas that Mel Ayton has tackled head on Over many years Mel Ayton has examined all the more substantial conspiracy theories and through careful analysis of documents and eyewitness statements he has demolished each one In each case Mel Ayton presented the results of his detailed investigations in periodicals as he worked through the various theories These have now been brought together to provide a comprehensive analysis of all the main theories as to who how and why the two Kennedy brothers met their deaths in such unusual circumstances Though wild ideas will continue to be proposed and efforts will still be made to demonstrate that Oswald could not have fired off three shots with great accuracy in the few seconds available to him as the presidential cavalcade passed beneath the window where he crouched or

that there were sinister reasons why three CIA men were allegedly present on the night of Robert Kennedy's assassination the harsh reality is that the Kennedy brothers were each killed by lone gunmen This is an absorbing read brought up to date with the addition of new material as it has been uncovered Maybe just maybe this book will persuade people that the official accounts of both murders although flawed are not cover ups but simply statements of fact Assassination and Political Violence James F. Kirkham, Sheldon G. Levy, William J. Crotty, United States. Task Force on Assassination and Political Violence, United States. National Commission on the Causes and Prevention of Violence, 1969 Report of the Task Force on Assassination and Political Violence Includes bibliographical references **Assassination!** Paul Donnelley, 2012-02 The Irish writer George Bernard Shaw called it an extreme form of censorship and indeed political assassination has often been used by the unscrupulous for ridding themselves of their enemies This book takes an in depth look at 25 of history's most infamous assassinations and assassination attempts It contains no wild theories no mad speculation just a look at the cold hard facts surrounding some of the world's most famous killings The tales told include the assassinations of Julius Caesar John F Kennedy Robert F Kennedy Rasputin plus many more And the attempted assassinations of Ronald Reagan Adolf Hitler Pope John Paul II plus many more Each entry contains a biography of the subject detailing who they were and where they came from an in depth look at the killing a profile of the killer and a comprehensive aftermath It belongs on the shelf of every history buff and anyone with an interest in the ultimate crime Assassination and Political Violence, Vol. 8 United States President of the United States, 1969 **The Assassination of JFK** Robert A. Wagner, 2017-03-07 The Assassination of JFK Perspectives Half a Century Later is the result of a reconciliation of widely divergent views of the assassination and who was responsible For more than fifty years the JFK assassination has ignited impassioned argument from those who believe the Warren Commission's conclusion that one man Lee Harvey Oswald acted alone in killing President John F Kennedy and those who believe that the assassination was spearheaded by the KGB Castro the mob anti Castro revolutionaries the military complex the CIA or even Kennedy's successor Lyndon Baines Johnson to name only a few The conspiracy theories are almost too numerous to list and even include the fervent belief that Kennedy's body was stolen prior to autopsy on the very evening of the assassination for the purpose of doctoring the body to frame Oswald Bob Wagner digs into the enormous record of the assassination created by two government investigations and thousands of books and articles written by investigators researchers and historians Bob describes the divergent views as being akin to two groups dividing the pieces of a jigsaw puzzle in half and attempting to produce complete pictures with their incomplete pieces Once all the puzzle pieces are organized and properly fit together however as Bob's painstaking work shows a real picture emerges and the truth comes into focus Bob thoroughly reviews the head spinning morass of fact conjecture and conspiracy theories regarding the assassination of JFK and makes them understandable to those knowing little about the assassination much less all of the conspiracy theories that abound The Assassination of JFK Perspectives Half a Century Later presents the clearest case

against Arlen Specter's infamous single bullet theory while also demonstrating why it is clear that Lee Harvey Oswald fired the only shots in Dealey Plaza on November 22, 1963. Visit JFKassassinationperspectives.com for more information and to comment.

Scenes Of Murder Winston Ramsey, 2012-02-28 In this book After the Battle have explored entirely new ground to investigate 150 years of murder and present it through our then and now theme of comparison photographs. Scene of crime plans and photographs from police files focus on a wide variety of murders committed between 1812 when a Prime Minister was shot in the House of Commons to killings on the streets of London in the 1960s. Far too often it is the perpetrator who is remembered while their victims, many lying in unmarked graves, remain lost to history. So this book sets out to redress the balance by tracking down the last resting places, even going as far as to mark two wartime graves of taxi drivers killed by American servicemen. Homicide is not a subject for the faint hearted and many of the photographs are distressing, which is why the book is made available with that warning.

Historically Inevitable? Tony Brenton, 2016-06-23 Marx held that the progression of society from capitalism to communism was historically inevitable. In Russia in 1917 it seemed that Marx's theory was being born out in reality. But was the Russian Revolution really inevitable? This collection of fourteen contributions from the world's leading Russian scholars attempts to answer the question by looking back at the key turning points of the revolution. From the Russo-Japanese conflict of 1904-5 through to the appropriation of church property in 1922 and focusing especially on the incredible chain of events in 1917 leading to the October Revolution itself. *Historically Inevitable* is a forensic account of Russia's road to revolution. Each contribution gives not only a fast-paced, incisive narrative account of an individual aspect of Revolution but also, for the first time, an intriguing counterfactual analysis of what might have gone differently. Featuring Richard Pipes on the Kornilov affair, Orlando Figes on the October Revolution, Dominic Lieven on foreign intervention, and Martin Sixsmith on the attempted assassination of Lenin in 1918. *Historically Inevitable* explains how each of these moments, more through blind luck than any historical inevitability, led to the creation of the world's first communist state. Tony Brenton's afterword to the volume draws parallels between the Revolution and the ultimate collapse of the Soviet Union in 1991 and places the events of 1917 in the context of more recent events in Russia and the Crimea. Featuring contributions from Donald Crawford, Sean McMeekin, Dominic Lieven, Orlando Figes, Richard Sakwa, Douglas Smith, Martin Sixsmith, Simon Dixon, Boris Kolonitsky, Richard Pipes, Edvard Radzinsky, Catriona Kelly, Erik Landis, Evan Mawdsley.

The Murder of Marilyn Monroe Jay Margolis, Richard Buskin, 2014-06-03 A New York Times Best Seller. Since Marilyn Monroe died under suspicious circumstances on the night of August 4, 1962, there have been queries and theories, allegations and investigations, but no definitive evidence about precisely what happened and who was involved until now. In *The Murder of Marilyn Monroe: Case Closed*, renowned MM expert Jay Margolis and New York Times bestselling author Richard Buskin finally lay to rest more than fifty years of wild speculation and misguided assertions by
