Asteroids And The End Of The World As We Know It:

A History of the End of the World Tim Rayborn,2022-01-18 We may never know when the actual end of the world is upon us but that doesn't mean we can't freak out about the end times Spanning centuries cultures and continents the more than 80 doomsday scenarios featured in *A History of the End of the World* examine humanity's tendency to envision the end of itself and everything else in the universe With offerings pulled from religion and mythology science literature and conspiracy theories the range of stories is fascinating illuminating and frequently strange But whether they issue from an ancient text or a pulp sci fi novel each of these apocalyptic visions will resonate and remain at the backs of our minds making us a little bit excited and a little bit anxious keeping us awake as we lay in bed wondering what we're moving toward Book jacket **The**

Christianity's defence by countering Look Hon let's face it in most of recorded history religion has given men and women universal direction promises of forgiveness of sins and an afterlife Those are huge inducements to believe let's face it Whose side was I on I wondered So did Mark Hey hang on sweetheart Mark frowned at me in surprise but isn't that direction as you put it innate now in humans anyway It's right there in the frontal lobes of our brains from birth surely And tell me what's the value of promises based on pure conjecture What's the point in having life's anchor of hope set in sand Mark demanded still frowning leaning back and lifting his chair's two front legs off the floor as he clasped his hands behind his head And we've just decided we've been taking the Bible too literally haven't we Indeed we had My shoulders slumped This parable reconciles Christianity's Bible with the notion that evolution is God's plan despite which the world as it presently exists could end in our lifetimes □□□□□□□□□□□□+□□□□□□ □□□,□□□,□□,2005 2005 1 Signs Of The Second Coming Britt Gillette,2014-08-08

You've heard the lies. Now learn the truth if you dare. Prepare yourself for a real eye opener. Take off your rose-colored glasses before you read this one because it is probably the most controversial and revealing book ever written. The truth is more precious than the purest gold and it has been said the truth is stranger than fiction. The latter is very true in Satan's world of lies and deception as will be revealed for this book shakes the very foundations of most world religions, age-old philosophies and creation theories. However, only the emotionally mature, the truly open-minded and the intellectually brave should explore this book for the knowledge obtained can alienate as well as enlighten those who discover these truths. There is much truth to be found in these pages but this book was not written for the masses but for the few who seek and love the truth more than their own lives. We are now in The End of Days. The last five years of increase in intensity and number of hurricanes, tornadoes, droughts and floods caused mostly by global warming plus a significant increase in famine, incurable diseases, terrorism and instability in the Middle East attest to that conclusion. It's time for the truth in religion, politics, UFO's, extraterrestrials, creation theories and the future of mankind and Planet Earth. Lies and myth have been perpetuated throughout the centuries. With the dawning of a new era, it is time the predestined purpose and nature of humanity and the true identity and nature of The Creator be revealed to those who desire and seek it. The reader will discover how Satan has deceived the whole world through false teachers and mistranslation. Evolution and Creationism or Creation Science along with other scientific methods are merged into an easy-to-understand synthesis for both have some validity in the creation of the universe. The straight and narrow way that leads to eternal life is made plain and easy to understand and it is the same religion found in The Messiah's message expressed nearly 2000 years ago which believe it or not is not and was not Christianity, Islam, Hinduism, Buddhism, Taoism nor most versions of Judaism. The Creator is described as all-knowing and omnipotent in spirit as well as in physical and scientific terms. For example, he and his host have the power to appear and disappear as Spirit Beings or they can choose to take physical form and travel about the universe in their chariots of fire via wormholes at incredible speeds. Time and space are of no consequence to The Eternal One and his Heavenly Host for they have long ago conquered both. They rule and nurture all life in the universe and will soon return to rule Planet Earth when The Seed they have planted has come into fruition. At his Messiah's coming, his clouds of glory will be so numerous the sun will be darkened and the moon will not shed its light. Earthquakes, floods, droughts, tornadoes, hurricanes, volcanoes, famine, disease, wars, terrorism and economic woes will continue to increase in intensity and frequency as the Four Horsemen of The Apocalypse come to full gallop as the time of the end approaches. The author predicted the recent increase in terrorism and natural disasters with the first edition of this book in 1996 which was drafted in 1989. Time is running out for man as we know him. A relatively rare breed of human will inherit the earth as The Wheat described in Matthew 5:3, 10, 13, 23 planted as his seed of righteousness 6,000 years ago in Adam.
