Words and Distinctions for the Common Good Gabriel Abend, 2023-07-25 How social scientists disagree about their key words and distinctions have been misconceived and what to do about it Social scientists do research on a variety of topics gender capitalism populism and race and ethnicity among others They make descriptive and explanatory claims about empathy intelligence neoliberalism and power They advise policymakers on diversity digitalization work and religion And yet as Gabriel Abend points out in this provocative book they can't agree on what these things are and how to identify them How to tell if something is a religion or a cult or a sect What is empathy What makes this society a capitalist one Disputes of this sort arise again and again in the social sciences Abend argues that these disagreements have been doubly misconceived First they conflate two questions how a social science community should use its most important words and what distinctions it should accept and work with Second there's no fact of the matter about either Instead they're practical reason questions for a community which aim at epistemically and morally good outcomes Abend calls on social science communities to work together on their words distinctions and classifications They must make collective decisions about the uses of words the acceptability of distinctions and the criteria for assessing both These decisions aren't up to individual scholars the community gets the last word According to Abend the common good justice and equality should play a significant role in the logic of scientific research Gabriel Abend is professor of sociology at University of Lucerne and the author of *The Moral Background: An Inquiry into the History of Business Ethics* Princeton

That Is All John Hodgman, 2012-10-02 John Hodgman bestselling author *The Daily Show's* Resident Expert minor television celebrity and deranged millionaire brings us the third and final installment in his trilogy of *Complete World Knowledge* In 2005 Dutton published *The Areas of My Expertise* a handy little book of *Complete World Knowledge* marked by the distinction that all of the fascinating trivia and amazing true facts were completely made up by its author John Hodgman At the time Hodgman was merely a former literary agent and occasional scribbler of fake trivia In short a nobody But during an interview on *The Daily Show* with Jon Stewart an incredible transformation occurred He became a famous minor television personality You may ask During his whirlwind tornado ride through the high ether of minor fame and outrageous fortune did John Hodgman forget how to write books of fake trivia The answer is Yes Briefly But soon he remembered And so he returned crashing his Kansas farmhouse down upon the wicked witch of ignorance with *More Information Than You Require* a New York Times bestseller containing even more mesmerizing and essential fake trivia including seven hundred mole man names and their occupations And now John Hodgman completes his vision with *That Is All* the last book in a trilogy of *Complete World Knowledge* Like its predecessors *That Is All* compiles incredibly handy made up facts into brief articles overlong lists and beguiling narratives on new and familiar themes It picks up exactly where *More Information* left off specifically at page 596 and finally completes *COMPLETE WORLD KNOWLEDGE* Look out for John Hodgman's latest book *Vacationland* available from Viking in Fall 2017 *The*

Uses of the Past in Contemporary Western Popular Culture Tobias Becker, Dion Georgiou, 2024-08-24 This book takes an interdisciplinary approach to understanding the different ways in which the past remains present in Western popular culture in the twenty first century It combines theoretical analyses with case study based chapters focusing on examples from Britain the US and Germany among other countries In doing so it pushes beyond a simplistic and monolithic conception of what nostalgia is to allow for a more nuanced and varied conceptualisation of this phenomenon and to also incorporate other ways of understanding the invoking or inclusion of different histories within cultural objects formats and practices

Vacationland John Hodgman, 2017-10-24 I love everything about this hilarious book except the font size Jon Stewart Although his career as a bestselling author and on The Daily Show With Jon Stewart was founded on fake news and invented facts in 2016 that routine didn't seem as funny to John Hodgman anymore Everyone is doing it now Disarmed of falsehood he was left only with the awful truth John Hodgman is an older white male monster with bad facial hair wandering like a privileged Sasquatch through three wildernesses the hills of Western Massachusetts where he spent much of his youth the painful beaches of Maine that want to kill him and some day will and the metaphoric haunted forest of middle age that connects them Vacationland collects these real life wanderings and through them you learn of the horror of freshwater clams the evolutionary purpose of the mustache and which animals to keep as pets and which to kill with traps and poison There is also some advice on how to react when the people of coastal Maine try to sacrifice you to their strange god Though wildly Hodgmaniacally funny as usual it is also a poignant and sincere account of one human facing his forties those years when men in particular must stop pretending to be the children of bright potential they were and settle into the failing bodies of the wiser weird dads that they are

The Areas of My Expertise John Hodgman, 2012-10-02 In the great tradition of the American almanac The Areas of My Expertise is a brilliant and hilarious compendium of handy reference tables fascinating trivia and sage wisdom on all topics large and small Although bestsellers such as Poor Richard's Almanack and The Book of Lists were certainly valuable they also were largely true Here is a different kind of handy desk reference one in which all of the historical oddities and amazing true facts are sifted through the singular illuminating imagination of John Hodgman which is the nice way of saying He made it all up John Hodgman brings his considerable expertise to bear in answering all of the questions book buyers have been asking What are the mottoes of the 51 United States THE ANSWER IS PROVIDED Who were the U S presidents who had hooks for hands THE ANSWER IS PROVIDED What role does the Yale secret society Skull and Bones play in the secret world government THERE IS NO SECRET WORLD GOVERNMENT What was the menu at the first Thanksgiving and did it include eels Technically that is two questions but do not apologize for John Hodgman shall answer them both LATER Aside from a compendium of fake trivia what is the best kind of book to write A SIMPLE TABLE OF THE 55 MOST DRAMATIC LITERARY SITUATIONS PROVIDES THE ANSWER and John Hodgman is the author of that table Imagine if The Book of Lists had been rewritten by Peter Cook and Jorge Luis Borges under the pseudonym of John Hodgman

and then renamed The Areas of My Expertise and you will only begin to have a sense of the dizzying uproarious sublimely weird and strangely wise journey that is contained within this book along with all the pages and words Perfect for anyone who thirsts for knowledge and especially for collectors of books of fake trivia The Areas of My Expertise offers through absurdity a better understanding of the world we share and recognizes that while the truth may be stranger than fiction it is never as strange as lies or as true Look out for John Hodgman s latest book Vacationland available from Viking in Fall 2017
