Representing Vulnerabilities in Contemporary Literature Miriam Fernández-Santiago, Cristina M.

Gámez-Fernández, 2022-12-01 *Representing Vulnerabilities in Contemporary Literature* includes a collection of essays exploring the ways in which recent literary representations of vulnerability may problematize its visibilization from an ethical and aesthetic perspective Recent technological and scientific developments have accentuated human vulnerability in many and different ways at a cross national and even cross species level Disability technological and ecological vulnerabilities are new foci of interest that add up to gender precarity and trauma among others as forms of vulnerability in this volume The literary visualization of these vulnerabilities might help raise social awareness of one's own vulnerabilities as well as those of others so as to bring about global solidarity based on affinity and affect However the literary representation of forms of vulnerability might also deepen stigmatization phenomena and trivialize the spectacularization of vulnerability by blunting readers affective response towards those products that strive to hold their attention and interest in an information saturated global entertainment market

The Poetics and Ethics of Attention in Contemporary British Narrative Jean-Michel

Ganteau, 2022-12-27 This book uses attention as a prism through which to interrogate the literary text It starts from analyses of the changes that the mediasphere and communication technologies have brought for the contemporary subject submitting him/her to the tyranny of a new attention economy My point is that the contemporary novel and memoir resist such influences and evince a great deal of resilience by promoting an ecology of attention Cited based on poetic options whose pragmatic effect is to develop an ethics of the particularist type To do this I draw on critical and theoretical literature hailing from various fields psychology but also more prominently phenomenology political philosophy and analytical philosophy essentially Ordinary Language Philosophy alongside the ethics of care and vulnerability By using a selection of fictional and

non fictional narratives I address such issues as social invisibilities climate change AI and cognitive disability and end up drafting a poetics of attention

Cove Cynan Jones, 2016-11-03 WINNER OF THE BBC NATIONAL SHORT STORY AWARD 2017 Out at sea in a sudden storm a man is struck by lightning When he wakes injured and adrift on a kayak his memory of who he is and how he came to be there is all but shattered Now he must pit himself against the pain and rely on his instincts to get back to shore and to the woman he dimly senses waiting for his return With its taut narrative and its wincingly visceral portrait of a man locked in an uneven struggle with the forces of nature this is a powerful new work from one of the most distinctive voices in British fiction

The Night Circus Uršula Kovalyk, 2019-10-01 I found him one morning when I went to take out the rubbish He lay in the grass clutching a piece of dirty plastic in his tiny baby hands Blending the naturalistic and the fabulistic these elusive delicate stories fold fable and fairy tale into the everyday domestic settings of kitchen garden car Women love and lose strange creatures they find by the garden gate dream dogs are liberated from the icy prison of a fridge bathrooms bloom into rainforests that souls can lose themselves in forever Seemingly quotidian routines and unremarkable lives are pierced by Kovalyk's precise sensual prose to reveal the magic lurking just beneath the surface of the daily skin of existence

Martha, Jack & Shanco Carly Lewis, 2020-04-20 A tight close up little drama with rural characters including slow Sianco who keeps his terrier under his jumper at all times Their farmhouse is Graig ddu Black Rock The orchard came right up behind the house making it dark and damp the wallpaper's original light blue a distant memory since by now it was blackened by smoke no rural idyll but Lewis eye for detail gives us pleasure amidst the squalor and unpleasantness as those who romanticise rural existence might see it Her eye is an eye for humour too As she put the teapot on the table Jack pulled

off his hat and gave it to the pot to wear while it brewed the tea Staccato chapters envision the repetitive uncomfortable moments of these isolated farming siblings life frying bacon and potatoes slaughtering turkeys or training sheepdogs But there is a drama unfolding here about marriage and property as in the best Jane Austen One commentator Diarmuid Johnson sees the story of the three siblings in their hillside farm as a metaphor for the whole Welsh speaking rural life under threat from both socio economic change and cultural and linguistic encroachment from English speakers If this is the case then the tragedy it outlines is of a population marginalised by the very isolation and poverty that has enabled it to preserve the Welsh language Visiting the churchyard to lay a Christmas wreath on Mami s grave Martha the daughter of the family notes There were never any flowers except her flowers on the graves the three of them were the only family left And of the three poor old Shanco is slow witted and dependent Jack is a miser lured by the pragmatic glamour of the English speaking midlander Judy who would transform Graig ddu into an acculturated dude ranch Martha is the only one as tradition or rather memory bearer of her clan in a position to combat elder brother Jac s nihilistic vision There s nothing here Martha It s all finished We re all finished The story of this long slow retreat of an old way on the Welsh hills is expressed in the poignancy of Martha s patrilocal dilemma if she marries her patient admirer Gwynfor she must move from the old farmstead leave it to Jack and Judy and Judy s wasteful horses and crass petty bourgeois Anglo ways Lewis masterfully builds up a sense of foreboding in this tight family scenario of irreconcilable deep seated long lived conflict We only sense that something must happen that some spark will detonate the gunpowder Less obviously there are mysterious elements in the narrative huge threatening crows for one that provide an essential depth the space for the unresolved and unknown that real writing needs Inter alia there is plenty about animals here too including an amusing account of a sheepdog s intense jealousy and protectiveness for his master Glen would also walk between Jack and Gwen When they started going out Glen would bark at her and refuse to settle until she was on her way After six months or so the dog would let them hold hands but he would walk between them under their clasped hands He would also sit between them on the settle All in all a graphic and beautifully described portrayal of farm life and place a real confrontation with a particular kind of existence *The Dig* Cynan Jones,2014-01-02
