 Agencies,2010 **Urban Terrorism** N. C. Asthana,Anjali Nirmal,2009 Outrageous myths have been created and
 perpetrated about terrorism in general and terrorism by Muslims in particular There are two reasons for it One is of course
 genuine ignorance about things Islamic The other reason is more sinister Myths are created and perpetuated because that
 keeps everyone in business By spinning yarns about the most horrible things the terrorists are capable of doing the media
 ensures that they have a never ending supply of sensational material with which to keep the people hooked it also enables
 the intelligence agencies and security forces to appear more relevant and expand their turf in the process The myths must be
 busted because they tend to settle deep in the collective subconscious and ultimately come to influence policy decisions The
 media for example would have you believe that we have not been able to eradicate terrorism only because we do not have
 enough commandos everywhere The fact is that terrorism would not be finished by killing a few terrorists Bomb blasts
 continue to take place in spite of the arrests of the masterminds As long as we do not address the root cause there would be
 many more willing to kill and get killed Victory against terrorism can be achieved only if you have completely understood the
 fundamental reasons of terrorism the motivation of the terrorists the intrinsic weaknesses of the targets the innate strength
 of the way of the terrorist and the follies of the approach that you have persisted with so far If a nation has floundered in its
 war against terrorism it is because it has never had a serious and honest to God analysis of terrorism Hence this book
 Exhaustive yet attractive informative yet interesting and above all extremely hard hitting it is the ultimate encyclopedia of
 terrorism **Flying Magazine** ,1983-11 **Aircraft & Aerospace** ,1991 *Aviation Week & Space Technology* ,2002
